## **Part 2 – Explanations of Provisions**

The proposed outcome will be achieved by:

- Amending the Tenterfield LEP 2013 by adding items to Schedule 5 and making amendments to the Heritage LEP Map.

## **Part 3 – Justification**

### **Section A – Need for the planning proposal**

#### **1. Is the planning proposal a result of any strategic study or report?**

The Planning Proposal is not the result of a shire-wide strategic report but is consistent with the objectives of Tenterfield Heritage Strategy 2018-2021 to “*Identify heritage items in the Tenterfield Shire area and list them in the Local Environmental Plan.*”

#### **2. Is the planning proposal the best means of achieving the objectives or intended outcomes, or is there a better way?**

Amending the Tenterfield Local Environmental Plan 2013 is the only way to achieve the objectives of the planning proposal.

### **Section B – Relationship to strategic planning framework**

#### **3. Is the planning proposal consistent with the objectives and actions contained within the applicable regional or sub-regional strategy?**

The Planning Proposal is supported by *Direction 24: Protect the region’s historic heritage assets* in the New England North West Strategic Regional Action Plan 2012.

#### **4. Is the planning proposal consistent with the local council’s community plan or other local strategic plan?**

The Planning Proposal is consistent with Council’s adopted Community Strategic Plan (2017-2027) which sets out under Goal Env’t 9 “Land use planning provisions support and promote sustainable land use and management in the Shire.”

#### **5. Is the planning proposal consistent with applicable State Environmental Planning Policies?**

The Planning Proposal is consistent with all applicable State Environmental Planning Policies. A consistency checklist is provided at Appendix 1.

#### **6. Is the planning proposal consistent with applicable Ministerial Directions (s.9.1 directions)?**

The Planning proposal is consistent with section 9.1 directions. With regard to Planning for Bushfire Protection, the proposed listing of heritage items does not alter existing land use zonings. Existing land uses may be subject to future additions or uses which are already permissible within the broad zoning provisions and development applications may be subject to referral to the NSW RFS if they are

located in an area of bushfire risk. The proposal does not create a significant alteration to current land uses or development potential.

## **Section C – Environmental, social and economic impact**

### **7. Is there any likelihood that critical habitat or threatened species, populations or ecological communities, or their habitats, will be adversely affected as a result of the proposal?**

The addition of items in Schedule 5 will have no impact.

### **8. Are there any other likely environmental effects as a result of the planning proposal and how are they proposed to be managed?**

The addition of items in Schedule 5 will have no adverse impacts. The effect of the planning proposal is to positively protect the heritage significance and values of places within the Tenterfield Shire Council area for future generations. There are no proposals which would have a negative environmental impact.

### **9. Has the planning proposal adequately addressed any social and economic effects?**

There are no identified negative social or economic effects identified as a result of the Planning Proposal. The Planning Proposal is aimed at protecting significant places and items for future generations through identification and careful management. This is likely to have positive social and economic impacts. Areas of high heritage values are usually synonymous with sought after places for living and tourism. .

## **Section D – State and Commonwealth interests**

### **10. Is there adequate public infrastructure for the planning proposal?**

The planning proposal does not create the need for any additional public infrastructure.

### **11. What are the views of State and Commonwealth public authorities consulted in accordance with the gateway determination?**

No views of public authorities have been sought at this stage.
