

Gateway Determination

Planning proposal (Department Ref: PP-2021-3689): to amend the Port Stephens Local Environmental Plan 2013 to update, correct errors, ensure consistency, remove redundant clauses and identify additional exempt development.

I, the Director, Central Coast and Hunter Region at the Department of Planning, Industry and Environment, as delegate of the Minister for Planning and Public Spaces, have determined under section 3.34(2) of the *Environmental Planning and Assessment Act 1979* (the Act) that an amendment to the *Port Stephens Local Environmental Plan 2013* to update, correct errors, ensure consistency, remove redundant clauses and identify additional exempt development should proceed subject to the following conditions:

1. Public exhibition is required under section 3.34(2)(c) and schedule 1 clause 4 of the Act as follows:
 - (a) the planning proposal is classified as low impact as described in *A guide to preparing local environmental plans* (Department of Planning and Environment, 2018) and must be made publicly available for a minimum of **14 days**;
 - (b) the planning proposal authority must comply with the notice requirements for public exhibition of planning proposals and the specifications for material that must be made publicly available along with planning proposals as identified in section 6.5.2 of *A guide to preparing local environmental plans* (Department of Planning and Environment, 2018); and
 - (c) public exhibition is to commence **by 1 December 2021**.
2. A public hearing is not required to be held into the matter by any person or body under section 3.34(2)(e) of the Act. This does not discharge Council from any obligation it may otherwise have to conduct a public hearing (for example, in response to a submission or if reclassifying land).
3. The planning proposal authority is authorised as the local plan-making authority to exercise the functions under section 3.36(2) of the Act subject to the following:
 - (a) the planning proposal authority has satisfied all the conditions of the Gateway determination;
 - (b) the planning proposal is consistent with section 9.1 Ministerial directions or the Secretary has agreed that any inconsistencies are justified; and
 - (c) there are no outstanding written objections from public authorities.

4. The time frame for completing the local environmental plan is to be **9 months** following the date of the Gateway determination.

Dated 16th day of August 2021.
