Planning Proposal (Department Ref: PP_2017_YASSV_003_00): to permit highway service centres in the IN1 General Industrial Zone

I, the Director Regions, Southern, at the Department of Planning and Environment as delegate of the Minister for Planning, have determined under section 56(2) of the *Environmental Planning and Assessment Act, 1979* that an amendment to the Yass Valley Local Environmental Plan (LEP) 2013 to permit *highway service centres* in the IN1 General Industrial Zone should proceed subject to the following conditions:

1. Community consultation is required under sections 56(2)(c) and 57 of the Act as follows:
 - (a) the planning proposal must be made publicly available for a minimum of **28 days**; and
 - (b) the relevant planning authority must comply with the notice requirements for public exhibition of planning proposals and the specifications for material that must be made publicly available along with planning proposals as identified in Section 5.5.2 of *A guide to preparing local environmental plans* (Department of Planning and Environment 2016).
2. Consultation is required with the following public authorities and / organisations under section 56(2)(d) of the Act and/or to comply with the requirements of relevant Section 117 Directions:
 - NSW Roads and Maritime Services
 - NSW Environmental Protection Authority
 - NSW Office of Water

Each public authority/organisation is to be provided with a copy of the Planning Proposal and any relevant supporting material, and given at least 21 days to comment on the proposal.

3. A public hearing is not required to be held into the matter by any person or body under section 56(2)(e) of the Act. This does not discharge Council from any obligation it may otherwise have to conduct a public hearing (for example, in response to a submission or if reclassifying land).

Dear Mr Rowe

Attention: Chris Berry

**Planning Proposal PP_2017_YASSV_003_00 to amend Council Local
Environmental Plan 2013**

I am writing in response to Council's request for a Gateway determination under Section 56 of the *Environmental Planning and Assessment Act 1979* and additional information received on the 30 August 2017 in respect of the Planning Proposal to amend Yass Valley Local Environmental Plan 2013 to permit *highway service centres* in the IN1 General Industrial Zone.

As delegate of the Minister for Planning, I have now determined the Planning Proposal should proceed subject to the conditions in the attached Gateway determination.

Plan making powers were delegated to Councils by the Minister in October 2012. It is noted that Council has now accepted this delegation. I have considered the nature of Council's planning proposal and have decided to issue an authorisation for Council to exercise delegation to make this plan.

The amending Local Environmental Plan (LEP) is to be finalised within nine months of the date of the Gateway determination. Council should aim to commence the exhibition of the planning proposal as soon as possible. Council's request to draft and finalise the LEP should be made directly to Parliamentary Counsel's Office six weeks prior to the projected publication date. A copy of the request should be forwarded to the Department of Planning and Environment.

The State Government is committed to reducing the time taken to complete LEPs by tailoring the steps in the process to the complexity of the proposal, and by providing clear and publicly available justification for each plan at an early stage. In order to meet these commitments, the Minister may take action under Section 54(2)(d) of the Act if the time frames outlined in this determination are not met.

Should you have any further enquiries about this matter, I have arranged for Mr Graham Judge to assist you. Mr Judge can be contacted on 6229 7906.

Yours sincerely

Fatima Abbas
