Dear Mr Tegart

Planning proposal to amend Palerang Local Environmental Plan 2014

I am writing in response to your Council's request for a Gateway determination under section 56 of the *Environmental Planning and Assessment Act 1979* (the Act) in respect of the planning proposal to permit the subdivision of Lot 3 DP 1074706 into 6 residential lots and 1 residue lot.

As delegate of the Minister for Planning, I have now determined the planning proposal should proceed subject to the conditions in the attached Gateway determination.

The planning proposal is considered consistent with S117 Directions 1.5 Rural Lands, 2.1 Environmental Protection Zones, 2.3 Heritage Conservation, 3.1 Residential Zones, 5.1 Implementation of Regional Strategies, 6.3 Site Specific Provisions. No further approval is required in relation to these Directions.

Plan making powers were delegated to Councils by the Minister in October 2012. It is noted that Council has now accepted this delegation. I have considered the nature of Council's planning proposal and have decided to issue an authorisation for Council to exercise delegation to make this plan.

The amending Local Environmental Plan (LEP) is to be finalised within 12 months of the date of the Gateway determination. Council should aim to commence the exhibition of the planning proposal as soon as possible. Council's request to draft and finalise the LEP should be made directly to Parliamentary Counsel's Office 6 weeks prior to the projected publication date. A copy of the request should be forwarded to the Department of Planning and Environment for administrative purposes.

The State Government is committed to reducing the time taken to complete LEPs by tailoring the steps in the process to the complexity of the proposal, and by providing clear and publicly available justification for each plan at an early stage. In order to meet these commitments, the Minister may take action under section 54(2)(d) of the Act if the time frames outlined in this determination are not met.

Should you have any queries in regard to this matter, I have arranged for Ms Meredith McIntyre of the Department's regional office to assist you. Meredith can be contacted on (02) 6229 7912.

Yours sincerely

Gateway Determination

Planning proposal (Department Ref: PP_2016_QPREG_002_00): to permit the subdivision of Lot 3 DP 1074706 into 6 residential lots and 1 residue lot.

I, the Acting Director Regions, Southern at the Department of Planning and Environment as delegate of the Minister for Planning, have determined under section 56(2) of the *Environmental Planning and Assessment Act 1979* (the Act) that an amendment to the Palerang Local Environmental Plan (LEP) 2014 to permit the subdivision of Lot 3 DP 1074706 into 6 residential lots and 1 residue lot should proceed subject to the following conditions:

1. Community consultation is required under sections 56(2)(c) and 57 of the *Environmental Planning and Assessment Act 1979* as follows:
 - (a) the planning proposal must be made publicly available for a minimum of **28 days**; and
 - (b) the relevant planning authority must comply with the notice requirements for public exhibition of planning proposals and the specifications for material that must be made publicly available along with planning proposals as identified in section 5.5.2 of A Guide to Preparing LEPs (Department of Planning and Environment 2013).
2. Consultation is required with the following public authorities under section 56(2)(d) of the EP&A Act and/or to comply with the requirements of relevant S117 Directions:
 - NSW Rural Fire Service
 - Office of Environment and Heritage

Each public authority is to be provided with a copy of the planning proposal and any relevant supporting material, and given at least 21 days to comment on the proposal.
3. A public hearing is not required to be held into the matter by any person or body under section 56(2)(e) of the Act. This does not discharge Council from any obligation it may otherwise have to conduct a public hearing (for example, in response to a submission or if reclassifying land).
4. The LEP maps shall be prepared in accordance with the Standard Technical Requirements for Spatial Datasets and Maps (Department of Planning and Environment, 2015).
5. The timeframe for completing the LEP is to be **12 months** from the date of the Gateway determination.
