

Office of the Secretary

Mr Rik Hart
General Manager
Warringah Council
Civic Drive – 725 Pittwater Road
Dee Why NSW 2099

14/18047

Dear Mr Hart

Thank you for your letters of 11 and 17 September 2014 relating to the Oxford Falls Valley and Belrose North Strategic Review and deferred land from the Warringah Local Environmental Plan 2011. The Minister has asked me to reply on her behalf.

I note Warringah Council's resolution on 26 August 2014 requesting that the Department of Planning and Environment determines the deferred land based on the various options presented to Council.

I note that this has been an extensive and complex process with a high level of community interest. It is important that the land does not continue to remain deferred so that surrounding landowners and the broader community are given certainty. Resolution of this will allow for a single Local Environmental Plan to cover the Warringah Local Government Area.

There is sufficient evidence to implement the findings of the Strategic Review by translating the existing character-based controls into zones in the Warringah Local Environmental Plan 2011. I consider that this is an appropriate way forward.

The majority of the land in the Oxford Falls Valley and Belrose North area has clear environmental value. These areas should be considered for an E3 Environmental Management zone consistent with the findings of the Strategic Review (Option Two - Land Use Zoning Map reported to Council on 26 August 2014).

Land mapped as having 'no to moderate' environmental constraints should be zoned to reflect the existing character, level of clearing and current land uses. The land in this category along the Wakehurst Parkway should be zoned E4 Environmental Living.

Council may wish to consider expanding the current permitted land uses for the E4 Environmental Living zone to include environmental facilities, extensive agriculture, farm buildings, home industries, horticulture where consistent with the mandatory land uses of the zone. It is noted the current objectives for the zone specifically cater to water-related business and leisure uses, and these would also need to be expanded.

Additionally, I encourage Council to separately begin the Stage 2 analysis to review the minimum subdivision lot size controls following the rezoning of the land. Any additional

studies will be the responsibility of Council and form the basis of a future planning proposal.

I therefore request Council submit a planning proposal for the deferred land seeking a Gateway determination within three months of the date of this letter. I have asked the Metropolitan (CBD) team to continue working with Council throughout the plan making process.

If you have any further enquiries about this matter, please contact Mr Lee Mulvey, Director of the Department's Metropolitan (CBD) team, on (02) 8575 4140.

Yours sincerely

A handwritten signature in blue ink, appearing to read 'Marcus Ray', with a stylized flourish at the end.

Marcus Ray
Acting Deputy Secretary
