MOAMA NSW 2731

Dear Sir,

Re: Planning Proposal PP-2021-6050

We have a concern about the above proposal as the reclassification will allow the development of the proposed abattoir on that site – which we consider is an inappropriate site for that type of activity.

The abattoir will decrease the value and inhibit future development of adjoining properties along the Eagle Creek / Gonn Road corridor.

We feel that the abattoir proposal for that site is not in keeping with the current agriculture/lifestyle properties in near proximity.

Yours sincerely,

Graham and Tanya Heffer
