Dear Mr Goulthorp,

Planning proposal to amend Newcastle Local Environmental Plan 2012

I am writing in response to your Council's letter dated 9 April 2013 requesting a Gateway determination under section 56 of the Environmental Planning and Assessment Act 1979 ("EP&A Act") in respect of the planning proposal to rezone land at 156 Cardiff Road, Elmore Vale (Lot 39 DP 711005) from RE2 Private Recreation to R2 Low Density Residential and apply a minimum lot size of 400sqm, maximum floor space ratio of 0.6:1 and maximum height of buildings of 8.5m to the subject land.

As delegate of the Minister for Planning and Infrastructure, I have now determined the planning proposal should proceed subject to the conditions in the attached Gateway determination.

The Minister delegated his plan making powers to councils in October 2012. It is noted that Council has now accepted this delegation, however has asked not to use its delegation for the making of this plan. I have considered the nature of Council's planning proposal and have decided to issue an authorisation for Council to exercise delegation to make this plan because the proposal is considered to be of local significance. Council should contact the regional office of the department should it require assistance in relation to the exercise of its delegation.

The amending Local Environmental Plan (LEP) is to be finalised within 9 months of the week following the date of the Gateway determination. Council should aim to commence the exhibition of the planning proposal as soon as possible. Council's request to draft and finalise the LEP should be made directly to Parliamentary Counsel's Office 6 weeks prior to the projected publication date. A copy of the request should be forwarded to the department for administrative purposes.

The State Government is committed to reducing the time taken to complete LEPs by tailoring the steps in the process to the complexity of the proposal, and by providing clear and publicly available justification for each plan at an early stage. In order to meet these commitments, the Minister may take action under section 54(2)(d) of the EP&A Act if the time frames outlined in this determination are not met.

Should you have any queries in regard to this matter, please contact Dylan Meade of the regional office of the department in Newcastle on 02 4904 2700.

Yours sincerely,

Neil McGaffin

Gateway Determination

Planning proposal (Department Ref: PP_2013_NEWCA_005_00): to rezone land at Elernore Vale for residential purposes and to amend the development standards applying to the land.

I, the Executive Director, Rural and Regional Planning at the Department of Planning and Infrastructure as delegate of the Minister for Planning and Infrastructure, have determined under section 56(2) of the EP&A Act that an amendment to the Newcastle Local Environmental Plan (LEP) 2012 to rezone land at 156 Cardiff Road, Elernore Vale (Lot 39 DP 711005) from RE2 Private Recreation to R2 Low Density Residential and apply a minimum lot size of 400sqm, maximum floor space ratio of 0.6:1 and maximum height of buildings of 8.5m to the subject land should proceed subject to the following conditions:

1. The planning proposal advises that the proposed minimum lot size for the subject land at Elernore Vale is 400sqm, however the proposed Lot Size Map applies a 450sqm minimum lot size to the land. Prior to undertaking public exhibition, Council is to update the planning proposal and maps to correct the above mentioned inconsistency.
2. Community consultation is required under sections 56(2)(c) and 57 of the Environmental Planning and Assessment Act 1979 ("EP&A Act") as follows:
 - (a) the planning proposal must be made publicly available for a minimum of **28 days**; and
 - (b) the relevant planning authority must comply with the notice requirements for public exhibition of planning proposals and the specifications for material that must be made publicly available along with planning proposals as identified in section 5.5.2 of *A Guide to Preparing LEPs (Department of Planning & Infrastructure 2013)*.
3. Consultation is required with the following public authorities under section 56(2)(d) of the EP&A Act and/or to comply with the requirements of relevant S117 Directions:
 - NSW Rural Fire Service (S117 Direction 4.4 Planning for Bushfire Protection)
 - Mine Subsidence Board (S117 Direction 4.2 Mine Subsidence and Unstable Land)Each public authority is to be provided with a copy of the planning proposal and any relevant supporting material, and given at least 21 days to comment on the proposal.
4. A public hearing is not required to be held into the matter by any person or body under section 56(2)(e) of the EP&A Act. This does not discharge Council from any obligation it may otherwise have to conduct a public hearing (for example, in response to a submission or if reclassifying land).
5. The timeframe for completing the LEP is to be **9 months** from the week following the date of the Gateway determination.
