Mr Ken Goulthorp
General Manager
Newcastle City Council
PO Box 489
NEWCASTLE NSW 2300

Dear Mr Goulthorp,

Planning proposal to amend Newcastle Local Environmental Plan 2012

I am writing in response to your Council's request for a Gateway determination under section 56 of the Environmental Planning and Assessment Act 1979 ("EP&A Act") in respect of the planning proposal to rezone Lot 101 DP 881682 at 70 Vale Street, Shortland from RE2 Private Recreation to SP2 Infrastructure (Educational Establishments) and remove the 40ha minimum lot size applicable to the land.

As delegate of the Minister for Planning and Infrastructure, I have now determined the planning proposal should proceed subject to the conditions in the attached Gateway determination.

I have also agreed the planning proposal's inconsistencies with S117 Directions 3.1 Residential Zones and 3.2 Caravan Parks and Manufactured Home Estates are of minor significance. No further approval is required in relation to these Directions.

The Minister delegated his plan making powers to councils in October 2012. It is noted that Council has now accepted this delegation. I have considered the nature of Council's planning proposal and have decided to issue an authorisation for Council to exercise delegation to make this plan. Council should contact the regional office of the department should it require assistance in relation to the exercise of its delegation, including assistance with access to GIS support.

The amending Local Environmental Plan (LEP) is to be finalised within 9 months of the week following the date of the Gateway determination. Council should aim to commence the exhibition of the planning proposal as soon as possible. Council's request to draft and finalise the LEP should be made directly to Parliamentary Counsel's Office 6 weeks prior to the projected publication date. A copy of the request should be forwarded to the department for administrative purposes.

The State Government is committed to reducing the time taken to complete LEPs by tailoring the steps in the process to the complexity of the proposal, and by providing clear and publicly available justification for each plan at an early stage. In order to meet these commitments, the Minister may take action under section 54(2)(d) of the EP&A Act if the time frames outlined in this determination are not met.

Should you have any queries in regard to this matter, please contact Susan Blake of the regional office of the department on 02 4904 2700.

Yours sincerely,

Neil McGaffin

Gateway Determination

Planning proposal (Department Ref: PP_2013_NEWCA_008_00): to rezone land at 70 Vale Street, Shortland and remove the minimum lot size applicable to the land.

I, the Executive Director, Rural and Regional Planning at the Department of Planning and Infrastructure as delegate of the Minister for Planning and Infrastructure, have determined under section 56(2) of the EP&A Act that an amendment to the Newcastle Local Environmental Plan (LEP) 2012 to rezone Lot 101 DP 881682 at 70 Vale Street, Shortland from RE2 Private Recreation to SP2 Infrastructure (Educational Establishments) and remove the 40ha minimum lot size applicable to the land should proceed subject to the following conditions:

1. Council is to demonstrate that the planning proposal satisfies the requirements of State Environmental Planning Policy (SEPP) 55 - Remediation of Land. Council is to prepare an initial site contamination investigation report to demonstrate that the site is suitable for rezoning to the proposed zone. This report is to be included as part of the public exhibition material.
2. Community consultation is required under sections 56(2)(c) and 57 of the Environmental Planning and Assessment Act 1979 ("EP&A Act") as follows:
 - (a) the planning proposal is classified as low impact as described in *A Guide to Preparing LEPs* (Department of Planning & Infrastructure 2013) and must be made publicly available for a minimum of **14 days**; and
 - (b) the relevant planning authority must comply with the notice requirements for public exhibition of planning proposals and the specifications for material that must be made publicly available along with planning proposals as identified in section 5.5.2 of *A Guide to Preparing LEPs* (Department of Planning & Infrastructure 2013).
3. Consultation is required with the NSW Rural Fire Service (RFS) as per the requirements of S117 Direction 4.4 Planning for Bushfire Protection. No other consultation is required under section 56(2)(d) of the EP&A Act. RFS is to be provided with a copy of the planning proposal and any relevant supporting material, and given at least 21 days to comment on the proposal. If necessary, the planning proposal is to be updated to take into consideration any comments made by RFS, prior to undertaking public exhibition.
4. A public hearing is not required to be held into the matter by any person or body under section 56(2)(e) of the EP&A Act. This does not discharge Council from any obligation it may otherwise have to conduct a public hearing (for example, in response to a submission or if reclassifying land).
5. The timeframe for completing the LEP is to be **9 months** from the week following the date of the Gateway determination.

Dated 22 day of May 2013.
