Mr Paul Anderson
Chief Executive Officer
Gosford City Council
PO Box 21
GOSFORD NSW 2250

Attn: Brian McCourt

Dear Mr Anderson,

Planning proposal to amend Gosford Local Environmental Plan 2014

I am writing in response to your Council's correspondence dated 20 February 2015 requesting a Gateway determination under section 56 of the Environmental Planning and Assessment Act 1979 ("EP&A Act") in respect of the planning proposal to rezone land to B5 Business Development at 303-305 Ocean Beach Road, Umina Beach.

As delegate of the Minister for Planning, I have now determined the planning proposal should proceed subject to the conditions in the attached Gateway determination.

I have also agreed the planning proposal's inconsistencies with S117 Directions 1.1 Business and Industrial Zones, 3.1 Residential Zones, 3.4 Integrating Land Use and Transport, 4.3 Flood Prone Land and 5.1 Implementation of Regional Strategies are of minor significance. No further approval is required in relation to these Directions.

Council may still need to obtain the agreement of the Department's Secretary to comply with the requirements of relevant S117 Directions. Council should ensure this occurs prior to the plan being made.

Plan making powers were delegated to councils by the Minister in October 2012. It is noted that Council has requested to be issued with delegation for this planning proposal. I have considered the nature of Council's planning proposal and have decided to issue an authorisation for Council to exercise delegation to make this plan.

The amending Local Environmental Plan (LEP) is to be finalised within 12 months of the week following the date of the Gateway determination. Council should aim to commence the exhibition of the planning proposal as soon as possible. Council's request to draft and finalise the LEP should be made directly to Parliamentary Counsel's Office 6 weeks prior to the projected publication date. A copy of the request should be forwarded to the Department of Planning and Environment for administrative purposes.

The State Government is committed to reducing the time taken to complete LEPs by tailoring the steps in the process to the complexity of the proposal, and by providing clear and publicly available justification for each plan at an early stage. In order to meet these commitments, the Minister may take action under section 54(2)(d) of the EP&A Act if the time frames outlined in this determination are not met.

Should you have any queries in regard to this matter, I have arranged for Mr Glenn Horal of the Department's regional office to assist you. Mr Horal can be contacted on (02) 4348 5000.
Yours sincerely,

23 March 2015

Gateway Determination

Planning proposal (Department Ref: PP_2015_GOSFO_002_00): to rezone land to B5 Business Development at 303-305 Ocean Beach Road, Umina Beach.

I, the General Manager Hunter and Central Coast Region at the Department of Planning and Environment as delegate of the Minister for Planning, have determined under section 56(2) of the EP&A Act that an amendment to the Gosford Local Environmental Plan (LEP) 2014 to rezone land to B5 Business Development at 303-305 Ocean Beach Road, Umina Beach should proceed subject to the following conditions:

1. Prior to undertaking public exhibition Council is to update the Planning Proposal to:
 - update the 'explanation of provisions' to identify the property descriptions Lot 1 DP 8861 and Lot 2 DP 8861; and
 - include existing and proposed zone and development standards maps.
2. Council is to update its consideration of the consistency with the following S117 Direction 4.1 Acid Sulfate Soils following provision of additional information on Acid Sulfate Soils.
3. Council is to ensure that the planning proposal satisfies the requirements of State Environmental Planning Policy (SEPP) 55 – Remediation of Land. If required, Council is to prepare an initial site contamination investigation report to demonstrate that the site is suitable for rezoning to the proposed zone. This report is to be included as part of the public exhibition material.
4. Community consultation is required under sections 56(2)(c) and 57 of the Environmental Planning and Assessment Act 1979 ("EP&A Act") as follows:
 - (a) the planning proposal is classified as low impact as described in *A Guide to Preparing LEPs (Department of Planning and Infrastructure 2013)* and must be made publicly available for a minimum of **14 days**; and
 - (b) the relevant planning authority must comply with the notice requirements for public exhibition of planning proposals and the specifications for material that must be made publicly available along with planning proposals as identified in section 5.5.2 of *A Guide to Preparing LEPs (Department of Planning and Environment 2013)*.
5. Consultation is required with the Transport for NSW - Roads and Maritime Services under section 56(2)(d) of the EP&A Act. Transport for NSW - Roads and Maritime Services is to be provided with a copy of the planning proposal and any relevant supporting material, and given at least 21 days to comment on the proposal.
6. A public hearing is not required to be held into the matter by any person or body under section 56(2)(e) of the EP&A Act. This does not discharge Council from any obligation it may otherwise have to conduct a public hearing (for example, in response to a submission or if reclassifying land).

7. The timeframe for completing the LEP is to be **12 months** from the week following the date of the Gateway determination.
