Mr Glenn Handford
Interim General Manager
MidCoast Council
PO Box 450
FORSTER NSW 2428

Att: Roger Busby

Dear Mr Handford,

Planning Proposal to amend Great Lakes Local Environmental Plan 2014

I am writing in response to your Council's letter dated 14 October 2016 requesting a Gateway determination under section 56 of the *Environmental Planning and Assessment Act 1979* (the Act) in respect of the planning proposal to reduce the minimum lot size requirement for a number of identified key greenfield sites.

As delegate of the Minister for Planning, I have now determined the planning proposal should proceed subject to the conditions in the attached Gateway determination.

The Minister delegated plan making powers to councils in October 2012. It is noted that Council has requested to be issued with delegation for this planning proposal. I have considered the nature of Council's planning proposal and have decided to issue an authorisation for Council to exercise delegation to make this plan.

The amending Local Environmental Plan (LEP) is to be finalised within 6 months of the week following the date of the Gateway determination. Council should aim to commence the exhibition of the planning proposal as soon as possible. Council's request to draft and finalise the LEP should be made directly to Parliamentary Counsel's Office 6 weeks prior to the projected publication date. A copy of the request should be forwarded to the Department for administrative purposes.

The State Government is committed to reducing the time taken to complete LEPs by tailoring the steps in the process to the complexity of the proposal, and by providing clear and publicly available justification for each plan at an early stage. In order to meet these commitments, the Minister may take action under section 54(2)(d) of the EP&A Act if the time frames outlined in this determination are not met.

Attached for your assistance is a simplified guide to the plan making process and reporting requirements to ensure that the LEP Tracking System is kept updated.

Should you have any questions regarding this matter, I have arranged for Mr Trent Wink from the Hunter office to assist you. Mr Wink can be contacted on (02) 49042716.

Yours sincerely,

4/11/2016

Gateway Determination

Planning Proposal (Department Ref: PP_2016_MCOAS_002 00): to reduce the minimum lot size requirement for a number key greenfield sites identified on the Dwelling Density Map.

I, the Director Regions, Hunter and Central Coast at the Department of Planning and Environment as delegate of the Minister for Planning, have determined under section 56(2) of the Act that an amendment to the Great Lakes Local Environmental Plan (LEP) 2014 to amend the Minimum Lot Size map should proceed subject to the following conditions:

1. Prior to undertaking community consultation, amend the Planning proposal as follows:
 - (a) provide an assessment of the key goals, directions and actions of the Hunter Regional Plan 2036, and
 - (b) clearly identify the key greenfield sites on the current and proposed minimum lot size maps by using hatching or bold line around the property boundaries.
2. Community consultation is required under sections 56(2)(c) and 57 of the Act as follows:
 - (a) the planning proposal is classified as low impact as described in *A Guide to Preparing LEPs (Planning & Infrastructure 2013)* and must be made publicly available for a minimum of **14 days**; and
 - (b) the relevant planning authority must comply with the notice requirements for public exhibition of planning proposals and the specifications for material that must be made publicly available along with planning proposals as identified in section 5.5.2 of *A Guide to Preparing LEPs (Planning & Infrastructure 2013)*.
3. No consultation is required with public authorities under section 56(2)(d) of the Act.
4. A public hearing is not required to be held into the matter by any person or body under section 56(2)(e) of the Act. This does not discharge Council from any obligation it may otherwise have to conduct a public hearing (for example, in response to a submission or if reclassifying land).
5. The timeframe for completing the LEP is to be **6 months** from the week following the date of the Gateway determination.

Dated 4th day of November 2016.
