Dear Mr Gouldthorp,

### **Planning Proposal to amend Newcastle Local Environmental Plan 2012**

I refer to Council's letter requesting a Gateway determination under section 56 of the Environmental Planning and Assessment Act 1979 ("EP&A Act") in respect of the planning proposal to rezone land at 15 Tinonee Road, Waratah.

As delegate of the Minister for Planning and Infrastructure, I have now determined the planning proposal should proceed subject to the conditions in the attached Gateway determination.

The Minister delegated his plan making powers to councils in October 2012. It is noted that Council has accepted this delegation however has recently requested not to use this delegation due 'to the added impost on Council resources without any additional influence on the outcomes'. Council's concerns are noted. However the use of this delegation by other Councils in the Hunter indicates that the delegations can result in faster LEP amendments and a more streamlined process. In addition there are potential resource savings within Council by directly communicating with PC under delegation.

As the General Manager Hunter and Central Coast, I would like the opportunity to meet with you and the relevant staff to determine how these concerns can be addressed and how we can assist in these delegations being of benefit to the agency and Council.

On this basis, I have considered the nature of Council's planning proposal and due to the very minor nature of the Planning Proposal and despite Council's resolution, have decided to issue an authorisation for Council to exercise delegation to make this plan.

The amending Local Environmental Plan (LEP) is to be finalised within 9 months of the week following the date of the Gateway determination. Council should aim to commence the exhibition of the planning proposal as soon as possible. Council's request to draft and finalise the LEP should be made directly to Parliamentary Counsel's Office 6 weeks prior to the projected publication date. A copy of the request should be forwarded to the agency for administrative purposes.

The State Government is committed to reducing the time taken to complete LEPs by tailoring the steps in the process to the complexity of the proposal, and by providing clear and publicly available justification for each plan at an early stage. In order to meet these commitments, the Minister may take action under section 54(2)(d) of the EP&A Act if the time frames outlined in this determination are not met. Should you have any questions regarding this matter, please contact Paul Maher of the agency's Newcastle office on 4904 2719.

Yours sincerely,

## Gateway Determination

**Planning Proposal (Agency Ref: PP\_2014\_NEWCA\_001\_00):** to rezone land at 15 Tinonee Road, Waratah.

I, the General Manager, Hunter and Central Coast Region at Planning and Infrastructure as delegate of the Minister for Planning and Infrastructure, have determined under section 56(2) of the EP&A Act that an amendment to the Newcastle Local Environmental Plan (LEP) 2012 to rezone 15 Tinonee Road, Waratah from R2 Low Density Residential to R3 Medium Density Residential and amend the FSR and height controls accordingly should proceed subject to the following conditions:

1. Community consultation is required under sections 56(2)(c) and 57 of the Environmental Planning and Assessment Act 1979 ("EP&A Act") as follows:
  - (a) the planning proposal is classified as low impact as described in *A Guide to Preparing LEPs (Department of Planning & Infrastructure 2013)* and must be made publicly available for a minimum of **14 days**; and
  - (b) the relevant planning authority must comply with the notice requirements for public exhibition of planning proposals and the specifications for material that must be made publicly available along with planning proposals as identified in section 5.5.2 of *A Guide to Preparing LEPs (Department Planning & Infrastructure 2013)*.
2. No consultation is required with public authorities under section 56(2)(d) of the EP&A Act.
3. A public hearing is not required to be held into the matter by any person or body under section 56(2)(e) of the EP&A Act. This does not discharge Council from any obligation it may otherwise have to conduct a public hearing (for example, in response to a submission or if reclassifying land).
4. The timeframe for completing the LEP is to be **9 months** from the week following the date of the Gateway determination.

Dated tenth day of April 2014.
