**RE: APOLLO FABRICATIONS – PLANNING PROPOSAL (PP2021/0001) – 2-20
TELEGRAPH ROAD, YOUNG, NSW – RFI RESPONSE**

I refer to Council's letter of 29 October 2021 advising of Council's resolution in respect of the Planning Proposal and outlining additional information required to support the application prior to submission for Gateway Determination with DPIE.

Please find attached a Planning Proposal Addendum report which includes the following:

- Response to the six(6) additional information matters; and
- Supplementary reports in support of the Addendum response.

You will note that the Addendum clearly indicates that the proposal does not include a rezoning option and that the conclusions communicated in the original proposal remain the same.

It is understood that the Planning Proposal, Addendum and other supporting documents will now be submitted to DPIE, together with Council's documentation, for Gateway Determination.

Please contact our office on (02) 6921 8588 or admin@salvestroplanning.com.au if you require any further clarification.

Yours sincerely

Garry Salvestro
