**Note:** Councillor Witt, Luise Elsing, Esther Hayter from The Paddington Society & William Naughton, Objectors & Carl Reid and Brett Brown, on behalf of the Applicant, addressed the Panel.

#### **Reason for Decision:**

The Panel has considered the planning proposal, and advises Council that it is premature to proceed at this stage to Gateway prior to the adoption of the *Draft Edgecliff Commercial Centre Planning and Urban Design Strategy* (ECC Strategy). In particular, there remain a number of unresolved strategic issues in relation to the capacity of the surrounding road network and the status of the road reservation planning proposal, the provision of community infrastructure upgrades, and the overall bulk and form of the Centre. The benefit of providing 35 net new dwellings does not provide sufficient justification to proceed, prior to the ECC Strategy being adopted.

The Panel advises Council that the planning proposal does not have sufficient site specific merit to proceed as a standalone planning proposal, particularly as it proposes to significantly increase the Height and Floor Space Ratio development standards with no mechanisms within the LEP to ensure the delivery of the benefits proposed in the concept design. These matters include but are not limited to:

- Site amalgamation.
- Retention and conservation of the Heritage Item in a manner which retains the scale of the building and ensures that the item is not overwhelmed by the proposed new building.
- Specifying a minimum quantum of non-residential Floor Space Ratio.
- Provision of Affordable Housing consistent with Council's adopted policy.
- Design Excellence and commitments to sustainability beyond those required by BASIX.

#### **Resolved:**

- A. THAT the Woollahra Local Planning Panel advises Council that the planning proposal for 136-148 New South Head Road, Edgecliff does not have sufficient strategic or site specific merit to proceed as a stand-alone planning proposal, and that it should be incorporated into the *Draft Edgecliff Commercial Centre Planning and Urban Design Strategy*.

- B. THAT should Council resolve that the planning proposal for 136-148 New South Head Road, Edgecliff should proceed to a Gateway determination, the Woollahra Local Planning Panel advises Council that :
- I. It does not support the site specific amendments to increase the Height of Buildings to 46m and the Floor Space Ratio to 5:1 without further urban design and traffic analysis including:
- a. whether the 46m height standard is beyond what is required to accommodate a 12 storey building; and
  - b. defining in a draft Development Control Plan a building envelope that does not exceed a Floor Space Ratio of 5:1 and is in the form of a podium with tower.
  - c. the cumulative traffic and transport implications of the proposal and measures that are to be undertaken to mitigate impacts e.g. reduced car parking provision.
- II. The planning proposal should provide for a site specific clause to be included in the *Woollahra Local Environmental Plan 2014* which would increase the maximum height of buildings and the maximum Floor Space Ratio, but only if certain matters are satisfied. These matters should include, but not be limited to:
- a. Site amalgamation.
  - b. Retention and conservation of the Heritage Item in a manner which retains the scale of the building and ensures that the item is not overwhelmed by the proposed new building.
  - c. Specifying a minimum quantum of non-residential Floor Space Ratio.
  - d. Provision of Affordable Housing consistent with Council's adopted policy.
  - e. Design Excellence and commitments to sustainability beyond those required by BASIX.
- III. Any planning agreement proposed by the applicant is to be prepared in accordance with the adopted *Woollahra Voluntary Planning Agreement Policy 2020*.
- IV. Should a Gateway determination be received, the planning proposal, site-specific draft development control plan and any draft Planning Agreement be publicly exhibited concurrently.

*Note: In accordance with the Woollahra Local Planning Panel Operational Procedures the votes are recorded on this planning matter.*
