Hello Doug

Thank you for your email advising that the Department has reviewed the planning proposal (PP-2022-676) for 34 Flood Street, Waverley and determined that the planning proposal is consistent with the Gateway determination. Thus in accordance with the Sydney District & Regional Planning Panel Operational Procedures July 2022, there is no need for the Department to refer the planning proposal to the Strategic Planning Panel of the Sydney Eastern City Planning Panel prior to public exhibition.

The Department's advice on the planning proposal's status is noted by the Planning Panels Secretariat and the planning portal case for Panel pre-exhibition review will be updated and completed accordingly.

The Panel looks forward to reviewing the outcomes of the agency and community consultation.

Regards Lisa

Morning Lisa

We have progressed the planning proposal (PP-2022-676) for 34 Flood Street, Waverley to the

Strategic Sydney to the Strategic Planning Panel of the North Sydney Planning Panel for review within the portal and progression.

The Department is satisfied that the planning proposal and supporting documents have been amended to satisfy the conditions of the Gateway Determination, and therefore have not been referred to the Panel. This is in line with the Sydney District & Regional Planning Panel Operational Procedures July 2022.

Therefore, are you please able to progress the portal back to me so I can finalise the exhibition. AS discussed this morning, you may need to go in and reassign to yourself

Thanks

Doug
