Good morning Natalie,

Thank you for your comment regarding the proposed rezoning of Thegoa Lagoon. It has been identified that a Lot was missed during the initial enquiry about the proposed rezoning: Lot 7328 DP 1174216 (R230004) (map attached).

Council is seeking your comments and feedback with respect to the recommendation of rezoning the lot to E2 Environmental Conservation?

Regards

Dear Michele,

We have reviewed Council's proposal to re-zone Thegoa Lagoon (R78909) to an environmental zone, the department has no objections and supports this proposal.

As far as the lot sizes go for that area, the department has no real issue with lot size and are happy for Council to decide on the class of zoning under their planning.

Regards
