

#### **Attachment 4 – Summary of Public Submissions from Your Say Web Site**

**1. Mr John Shrim**

Supports the relocation of the Ballina Heights Commercial Centre.

**2. Rachel**

Supports the relocation of the Ballina Heights Commercial Centre.

**3. Mr E Hayward**

Supports the relocation of the Ballina Heights Commercial Centre. Advises that the 3 large fig trees noted within the zone changes are an asset to the aesthetics of the community and need to be preserved. Parklands created around them is his suggestion.

**4. Dan D**

Supports the relocation of the Ballina Heights Commercial Centre.

**5. Marlee**

Supports the relocation of the Ballina Heights Commercial Centre.

**6. Jessica**

Supports the relocation of the Ballina Heights Commercial Centre.

**7. Mr Michael Stormon**

Supports the relocation of the Ballina Heights Commercial Centre.

**8. Mr Benjamin Messemaker**

Supports the relocation of the Ballina Heights Commercial Centre.

**9. Ms Shannan Kiss**

Supports the relocation of the Ballina Heights Commercial Centre.

Baffled how the developers got away with not fulfilling their agreement to residence. Shops here are 100% necessary. But we also need facilities for the children. Pitiful small child parks exist. Basketball courts skate parks ! Now!!

**10. Cr Jeff Johnson**

Supports the relocation of the Ballina Heights Commercial Centre.

**11. Ms Andrea Werner**

Supports the relocation of the Ballina Heights Commercial Centre.

**12. Riki Wood**

Supports the relocation of the Ballina Heights Commercial Centre. Advises that she supports the action the council is taking to work with developers to get some services to Cumbalum residents that has been promised for such a long time but not delivered. I am cautious that the new land zoned is significantly smaller than that previously allocated and I am concerned that the space will not be big enough to provide for a significant growth area long term. Further allocations in the estate will need to be considered to supplement the reduced size of the commercial allocation.

**13. Gabrielle Cubis**

Supports the relocation of the Ballina Heights Commercial Centre.

**14. Ms Louise Tyrrell**

Does not support the relocation of the Ballina Heights Commercial Centre. It was perfectly situated before, it was positioned in a location that made it easily accessible , away from the main road and safe to walk to with the children.

**15. Mr Craig Jordan**

Supports the relocation of the Ballina Heights Commercial Centre.

**16. Jo McIntyre**

Supports the relocation of the Ballina Heights Commercial Centre.

**17. Nathan Bourne**

Supports the relocation of the Ballina Heights Commercial Centre.

**18. Emma**

Supports the relocation of the Ballina Heights Commercial Centre.

**19. Cassandra Jones**

Does not support the relocation of the Ballina Heights Commercial Centre. I'm saying no as the wording of 'substantially built' is wishy washy and means nothing to help out this community get commercial facilities. Considering this decision has been in the wind for years it is disappointing that it has not progressed as much as needed.

**20. Mr Stuart Topper**

Does not support the relocation of the Ballina Heights Commercial Centre. Advises that he lives right across the road from the new location being re zoned for shopping centre. When purchasing our land we made sure that particular land was zoned for more blocks and not a

shopping centre, which we based buying and building our home. We are really disappointed it's looking at being rezoned for a shopping centre. We don't believe it's the best spot for it. Being at the bottom of all the hills in Cumbalum everyone will be driving down and not walking. We are concerned about more traffic noise, noise of car park. The appearance of a shopping complex right outside our all the views from our house and yard when we built here for the quiet and rural views. We are concerned about how having a shopping centre so close will affect our property value. We don't feel it's the right spot for a shopping centre at all.
