

Gateway Determination

Planning proposal (Department Ref: PP-2023-92): to amend the North Sydney LEP 2013 as it applies to 601 Pacific Highway, St Leonards by increasing the maximum building height and introducing a maximum FSR to facilitate a commercial building.

I, the Director, Metro North at the Department of Planning, Housing and Infrastructure, as delegate of the Minister for Planning and Public Spaces, have determined under section 3.34(2) of the *Environmental Planning and Assessment Act 1979* (the Act) that an amendment to the North Sydney Local Environmental Plan 2013 to increase the maximum building height and introduce a maximum FSR, should proceed subject to the following conditions:

The Council as planning proposal authority is authorised to exercise the functions of the local plan-making authority under section 3.36(2) of the Act subject to the following:

- (a) the planning proposal authority has satisfied all the conditions of the gateway determination;
- (b) the planning proposal is consistent with applicable directions of the Minister under section 9.1 of the Act or the Secretary has agreed that any inconsistencies are justified; and
- (c) there are no outstanding written objections from public authorities.

The LEP should be completed on or before 24 January 2025.

Gateway Conditions

1. Prior to exhibition, the planning proposal is to be amended to address the following:
 - (a) consistently apply a maximum building height control of RL 259 as resolved by North Sydney Council on 27 November 2023, including in supporting documents; and
 - (b) include an updated timeline based on the issuing of the Gateway determination.
2. Public exhibition is required under section 3.34(2)(c) and clause 4 of Schedule 1 to the Act as follows:
 - (c) the planning proposal is categorised as standard as described in the *Local Environmental Plan Making Guideline* (Department of Planning and Environment, August 2023) and must be made publicly available for a minimum of 20 working days; and
 - (d) the planning proposal authority must comply with the notice requirements for public exhibition of planning proposals and the specifications for material that must be made publicly available along with planning proposals as identified in *Local Environmental Plan Making Guideline* (Department of Planning and Environment, August 2023).

3. Consultation is required with the following public authorities and government agencies under section 3.34(2)(d) of the Act and/or to comply with the requirements of applicable directions of the Minister under section 9 of the Act:

- Transport for NSW;
- Ausgrid;
- Sydney Water Corporation;
- Sydney Airport;
- Civil Aviation Safety Authority (CASA);
- Airservices Australia; and
- Commonwealth Department of Transport, Infrastructure, Regional Development, Communications and the Arts (DTIRDCA).

Each public authority is to be provided with a copy of the planning proposal and any relevant supporting material via the NSW Planning Portal and given at least 30 days to comment on the proposal.

4. A public hearing is not required to be held into the matter by any person or body under section 3.34(2)(e) of the Act. This does not discharge Council from any obligation it may otherwise have to conduct a public hearing (for example, in response to a submission or if reclassifying land).

Dated 2 April 2024

Brendan Metcalfe
Director, Metro North
Metro Central and North
Department of Planning, Housing and Infrastructure

Delegate of the Minister for Planning and Public Spaces
