8. S79C(1)(a)(iii) – THE PROVISIONS OF ANY DEVELOPMENT CONTROL PLAN (DCP):-		
8.1	Development Control Plan 18 – Carparking Code (DCP 18)	25
8.2 Development Control Plan 93 – Controls for Waste Minimisation and Management (DCP 93)		25
9. S79C(1)(b) – LIKELY IMPACT OF THAT DEVELOPMENT ON THE NATURAL AND BUILT ENVIRONMENT AND SOCIAL AND ECONOMIC IMPACTS IN THE LOCALITY:-		
9.1	Traffic	25
9.2	Noise	30
9.3	Flora and Fauna	35
9.4	Potential Contamination of Ground and Surface Waters	38

9.5	Dust	47
9.6	Economic Impacts	47
9.7	Social Impacts	48
10. S79C(1)(c) – SUITABILITY OF THE SITE		48
11. S79C(1)(d) – ANY SUBMISSIONS MADE IN ACCORDANCE WITH THE ACT OR THE REGULATIONS:-		
11.1 Excessive increase in traffic from trucks associated with the existing Quarry and the Proposed Waste Facility and the detrimental impact this Intensification will have on the existing local road		48
11.2 Potential of detrimental impact to Flora and Fauna		49
11.3 Increased levels of noise which will impact on the existing health and amenity of those living in close proximity to the subject site.....		49
11.4 Potential for disposed toxic materials to leach and contaminate nearby waterways which flow into the Jervis Bay Marine Park and St Georges Basin		50
11.5 Devaluation of properties in close proximity to the subject site		50
11.6 The EIS did not demonstrate provision of all the Director General’s Requirements (DGR’s)		51
11.7	Detrimental Impact on Tourism	52
11.8	Screening of non-putrescible material prior to on-site disposal	52
11.9 Concerns for children’s, cyclist’s and pedestrian safety as a result of the increased frequency of truck movements to and from the site		53
11.10 Potential for airborne particles from the proposed Waste Facility to affect nearby residents and the surrounding environment.....		53
12. S79C(1)(e) – THE PUBLIC INTEREST.....		53
13. OTHER ISSUES:-		
13.1	Owner’s Consent	54
13.2	Flooding	54
13.3	Regional Impacts	55
14. REFERRALS:-		
14.1	Internal Referrals	55
14.2	External Referrals	56
15. CONCLUSION		56
16. RECOMMENDATION		57
