### ***2010SYE018 Mosman DA No. 8.2010.18.1– Residential Flat Building, 98-100 Glover Street, Mosman***

1. The Panel resolves unanimously to accept the recommendation of the planning assessment report and approve the application, for the reasons given in the report.
2. The Panel has considered the public objections to the application, which relate to view loss from 2 MacPherson Street and inadequate parking in Glover Street. The Panel considers that the view loss caused to 2 MacPherson Street is reasonable and the loss due to parts of the proposal being 13m high rather than 12m, is negligible.
3. As concerns parking, the Panel notes that the total number of spaces in the proposal complies with the Council's requirements. While the number of visitor spaces is one fewer than required, the number of residential spaces is one more.
