Joint Regional Planning Panels

Northern Region Joint Regional Planning Panel

Notice for DA 2011.34 / JRPP 2011NTH004 - Establishment and operation of extractive industry (basalt quarry) at 904 Edenville Road, Cedar Point Kyogle Council

The Assessment Report prepared by Kyogle Council for the above development application was recently referred to the Panel Secretariat for determination by the Northern Region Joint Regional Planning Panel.

Due to the nature and volume of enquires received on the above development application by the Panel Secretariat, the Chair of the Northern Region Joint Regional Planning Panel has decided that an independent Peer Review of the Assessment Report prepared by Kyogle Council is required. The Peer Review will be co-ordinated by the Panel Secretariat.

A Regional Panel determination meeting will be arranged once the Peer Review Report has been completed. There will be an opportunity for members of the public to address the Regional Panel at this determination meeting. A notice of the Panel Meeting date will be placed in the local papers and all previous submitters to the development application will be notified.

A copy of the Peer Review Report will be placed on the Regional Panel website (www.jrpp.nsw.gov.au) for a minimum of 14 days prior to the scheduled Regional Panel determination meeting. This will allow sufficient timing for all interested parties to review the contents of the Peer Review Report.

The Regional Panel will consider both Council's Assessment Report and the Peer Review Report, the Environmental Impact Statement, Public Submissions, as well as any issues raised by registered speakers at the Regional Panel determination meeting prior to the making a decision on the application.

If you have any further questions please contact the Panel Secretariat on (02) 9383 2121.
