The Panel considered the following application via teleconference and this is a record of the process and decision.

Business Item

2011NTH004 - Kyogle Council - 2011.34 - Establishment and operation of extractive industry, 904 Edenville Road, Cedar Point, 2474

On 13 September 2011, the Panel Secretariat circulated the Peer Review report by Barbara Crossley of Umwelt Environmental consultants to panel members.

Panel members held a teleconference at 1.30pm on 15 September 2011 to discuss the conclusions of the Peer Review report and resolved:

The Northern Joint Regional Planning Panel notes the Peer Review of the Cedar Point Quarry Assessment Report, its recommendations and conclusions.

The Regional Panel requests Kyogle Council to refer the Peer Review Report to the Applicant of DA 2011.34 to undertake the additional environmental studies as outlined in the Report and submit these to Kyogle Council.

The Regional Panel further requests Kyogle Council, on receipt of the additional environmental studies, to prepare an amended Assessment Report of the proposed development, including a merit assessment of the project and submit the same documentation to the Panel for consideration and determination.

The Regional Panel requests a response from both Kyogle Council and the applicant within 21 days on how they will be proceeding with the matter including advice on their anticipated timeframes.
