

**20 February 2012**

**Northern Joint Regional Planning Panel**

**Notice for DA 2011.34 / JRPP 2011NTH004 - Establishment and operation of extractive industry (basalt quarry) at 904 Edenville Road, Cedar Point, Kyogle Council**

The Northern Joint Regional Planning Panel (the Regional Panel) met via electronic means between 27 October 2011 and 31 October 2011 to discuss the conclusions of the Peer Review report and resolved the following:

*The Northern Joint Regional Planning Panel, having considered the Peer Review and responses from the Applicant and Council, requires Council to address the assessment issues summarised below in a supplementary assessment report. The report is to be provided to the Regional Panel by 17 February 2012. If the timeframe can not be met, Council must advise the Panel Secretariat of anticipated timeframes at its earliest convenience.*

Kyogle Council has subsequently requested an extension of time until 30 April 2012 to provide the supplementary assessment report, as the information from the Applicant will not be submitted to Council until 31 March 2012. This request has been granted by the Regional Panel Chair.

Once the supplementary assessment report is received, the Panel Secretariat will write to all submitters to advise when a Panel Meeting will be held. A notice of the Panel Meeting date will also be placed in the local papers, and advertised on the JRPP website ([www.jrpp.nsw.gov.au](http://www.jrpp.nsw.gov.au)).
