The Panel considered the following amendments to the minutes via emails and this is a record of the process and decision.

**Business Item**

**2011SYW046 - Realignment and reconfiguration of Killara Golf Course including new water storage dam - 556 Pacific Highway Killara (Ku-ring-gai Municipal Council)**

On 16 August 2012, the Sydney West Joint Planning Panel held a determination meeting for the above development application. Minutes of the meeting were published on the Joint Regional Planning Panel website on 21 August 2012, however notice of determination has not been issued.

On 28 August 2012, an email was received from Ku Ring Gai Council seeking to amend additional condition 3 which appeared to be a typographical error.

The condition currently reads:

"Hours of operation of any mechanical or noise generating machinery on Hole 2 will be limited to before 8am or after 8pm on any Sunday or public holiday, or before 7am or after 8pm on any other day, in accordance with Clause 50 of the Protection of the Environment Operations (Noise Control) Regulation 2008."

The condition should read:

"Hours of operation of any mechanical or noise generating machinery on Hole 2 will be limited to after 8am or before 8pm on any Sunday or public holiday, or after 7am or before 8pm on any other day, in accordance with Clause 50 of the Protection of the Environment Operations (Noise Control) Regulation 2008."

On 3 September 2012, the Panel Secretariat circulated the amendments to panel members seeking their opinion. Panel Members confirmed their decision to amend the additional condition 3 via email between 3 September 2012 and 10 September 2012.

---

The Panel unanimously agrees to amend the condition to read as –

"Hours of operation of any mechanical or noise generating machinery on Hole 2 will be limited to after 8am or before 8pm on any Sunday or public holiday, or after 7am or before 8pm on any other day, in accordance with Clause 50 of the Protection of the Environment Operations (Noise Control) Regulation 2008."
