

PLANT SCHEDULE (PARTS A & B)

TREE PLANTING

SYM	SPECIES	QTY	POT SIZE	SPACE
EUMC	Euonymus alatus	8	200L	A.S.
EUT	Euonymus laevis	7	200L	A.S.

GROUNDCOVERS & CLIMBERS

SYM	SPECIES	QTY	POT SIZE	SPACE
ANRV	Anemone Royal Velvet	150	140mm	0.40
BAR	Begonia rex	150	140mm	0.40
DIB	Diarrhea 'Bicolor'	300	150mm	0.50
DTN	Diarrhea 'Tall Red'	150	150mm	0.40
HA/VA	Hebe 'Vividissima'	150	150mm	0.40
LOT	Lonicera 'Tender'	21	150mm	0.40
ANRV	Anemone 'Pavane'	54	150mm	0.50
PAT	Perpetua 'Alba'	9	200mm	A.S.
SAMC	Samolus alba	34	100mm	0.40

LEGEND

- Existing trees to be removed
- Refer to plant schedule
- Proposed trees
- Refer to plant schedule
- Shrub & groundcover
- Refer to plant schedule
- Self-clinging climber
- Refer to plant schedule
- Raised planter
- Refer to specification
- Paved grass
- Refer to specification
- Experimental plots
- By University
- Concrete edge / kerb
- Refer to architect's drawings
- Gravel
- Refer to architect's drawings
- Gravel paving
- Refer to specification

NOTES

GENERAL
Read drawings in conjunction with the specification and schedule. Refer to CD-1028-01 & CD-1028-02 for landscape plan, details & schedules.
Refer to Architect and Engineer's Drawings for precise information regarding planting, finished levels, roadworks and drainage details.
SERVICES
Before landscaping work is commenced, Landscape Contractor is to establish the positions of all service lines and protect them from damage during construction.
SETOUT
All areas to be approved by Superintendent prior to construction. Where no curbs are shown for planting, space plants evenly to best fit the beds shown.
