37 John Street  
Camden  
NSW 2570

**ATT: ANDREW ISON**  
**RE: FENCING**  
**DA No: 181/2011**  
**PROPERTY: 263 CAMDEN VALLEY WAY NARELLAN NSW 2567**  
**LOT 1022 DP 1021756**

Dear Andrew,

I write in response to council's concerns regarding the polycarbonate glazing to the fencing for the aforementioned development. As mentioned in the performance features of the Allplastics Architectural Acrylic and Polycarbonate Glazing brochure previously provided, the solar light transmission is above 90%. As an accredited ABSA House Energy Rating Assessor since 1998, it is my opinion that the solar impact to the private open space and windows of the dwellings in question is negligible, and will not have a negative effect on the development.

If you have any further queries regarding this application, please do not hesitate to call me on 0246843747.

Regards,

Reginald Hawkins
