3 January 2013

Ms Ruth Paton
Regional Panels Secretariat
Department of Planning & Infrastructure
GPO Box 39
SYDNEY NSW 2001

Dear Ms Paton

**Development Application No. 821/12
2012 NTH007 Coffs Harbour City Council – Public Administration Building
(Police Station and Courthouse)**

The subject development application was reported to Council on 13 December 2012. The purpose of the report was to advise Councillors that a development assessment report for the proposal had been referred to the Joint Regional Planning Panel (Northern Region) for determination.

Following their review of the report Councillors resolved that a submission be provided to the Panel to the effect that:

- it welcomes and greatly supports the initiative by the State Government and looks forward to its early completion; and
- the issue of on-site parking especially for members of the legal profession, staff, handicapped persons and the public, be considered by the Panel in its determination of the development application.

Please note that Council panel representatives Mayor Denise Knight and Councillor John Arkan did not take part in any consideration of this matter.

For further information please contact Mark Hannon on (02) 6648 4631.

Yours faithfully

Mark Hannon
Manager Land Use Assessment (Acting)
