

Postponement of Meeting – Sydney East Joint Regional Planning Panel

The Sydney East Joint Regional Planning Panel (regional panel) meeting to consider the development application 386/2012 for 253-255 Oxford Street, Bondi Junction has been postponed.

The determination meeting was scheduled to be held at 3.30pm on Thursday 28 March 2013. However due to an application and new plans being lodged by the applicant with the Land and Environment Court, this meeting has been cancelled at the request of the panel chair Dr John Roseth and postponed to a later, yet to be determined, date.

Once the council has had an opportunity to review the amended plans and complete an assessment report you will be notified by post of the new panel meeting date.

If you have any queries about this matter please contact Angela Kenna, Project Officer, on 9228 2064.

regards

Stuart Withington
Manager
Regional Panels Secretariat
