FUNERAL PARLOUR SPECIFICATIONS

- The Plans and Specifications of the Funeral Parlour should be submitted for Construction Certificate. The Plans and Specifications should show details of the layout, disposition, inclusion of floor covering details and ceiling finishes.
- The construction and finishes of the Funeral Parlour shall be in strict compliance with the following:
  - (a) Public Health Act 2010
  - (b) Public Health Regulations 2012
  - (c) NSW Health Guidelines for Funeral Industry
  - (d) Local Government Act 1993
  - (e) Local Government (Orders) Regulations 1999 - Schedule 4
- The locality/lotting area of the proposed building incorporating the funeral area between the body holding area (Cold Room) and the transport vehicles shall be adequately separated by a physical barrier from public view at all times.
- Only one deceased body is to be received and is held on site at one specific time.
- No waste, other than the general trade waste should be produced in the Funeral Parlour.
