

MEMO

Environment & Planning

To : Angela Kenna – Panel Secretariat
Joint Regional Planning Panel

From : Sandra Bailey – Team Leader Major Development

Date : 9 April 2014

SUBJECT : 2013SYE049 – LDA2013/0220

The purpose of this memo is to notify the Panel that Council proposes to make a minor amendment to the wording of condition 97 and 98 contained in attachment 1 of the assessment report.

Condition 97 currently reads as follows:

97. Lift access and security. Electronic access controls are to be installed on the lift. The equipment should include card readers to restrict access to the level a resident residents on, to the car parking levels and to the ground floor.

There is an error in the third line. It is proposed to amend the wording of this condition to the following:

97. Lift access and security. Electronic access controls are to be installed on the lift. The equipment should include card readers to restrict access to the level a resident resides on, to the car parking levels and to the ground floor.

Condition 98 currently reads as follows:

98. Acoustic construction requirements. All acoustical treatments nominated in the acoustical assessment report prepared by Acoustic Logic dated and any other related project documentation must be implemented during construction.

It is proposed to amend this condition to include the date. This condition will now read as follows:

98. Acoustic construction requirements. All acoustical treatments nominated in the acoustical assessment report prepared by Acoustic Logic dated 7/5/13 and any other related project documentation must be implemented during construction.
