

Regarding DA Application No. DA315/2015/1 - 163A Victoria Rd, Bellevue Hill

Please be aware that any demountable temporarily placed in Bellevue Hill Park may need to be relocated should Ausgrid require access to live low voltage cabling running between the parks lights.

Please advise the Developer they are required to make a formal submission to Ausgrid by means of a duly completed Preliminary Enquiry and/ or Connection Application form, to allow Ausgrid to determine the method of electrical supply for the development.

In general, works to be considered by Ausgrid include, but are not limited to, the following:

- Changes in electrical load requirements
- Changes to Ausgrid's infrastructure (ie. asset relocations, decommissioning substations etc.)
- Works affecting Ausgrid's easements, leases and/ or right of ways
- Changing the gradients of any roads or paths
- Changing the level of roads or foot paths
- Widening or narrowing of roads
- Closing roads or laneways to vehicles
- In all cases Ausgrid is to have 24 hour access to all its assets

The developer is to ensure that the proposed works do not contravene Ausgrid's technical standards and statutory requirements, in regards to the safe and reliable operation and maintenance of Ausgrid's network.

Regards
Aaron Micallef
Ausgrid
