

## NOTICE OF DETERMINATION

**Application Number:** DA2010/1170

### APPLICATION DETAILS

**Applicant Name and Address:** John Colet Schools Inc  
8 Wyatt Avenue  
BELROSE NSW 2085

**Land to be developed (Address):** Lot 1 DP 601101 8 Wyatt Avenue BELROSE NSW 2085

**Proposed Development:** Increase in student numbers at John Colet School.

### DETERMINATION - APPROVED

**Made on (Date):** 16 December 2010

**Consent to operate from (Date):** 16 December 2010

**Consent to lapse on (Date):** 16 December 2015

### Details of Conditions

*The conditions, which have been applied to the consent, aim to ensure that the Environmental Impacts of Development are minimised and the Health and Safety of the community is maintained in accordance with the relevant standards and the Building Code of Australia.*

### NOTE:

*If the works are to be certified by a Private Certifying Authority, then it is the certifier's responsibility to ensure all outstanding fees and bonds have been paid to Council prior to the issue of the Construction Certificate or as otherwise specified by Consent conditions.*

## GENERAL CONDITIONS

### CONDITIONS THAT IDENTIFY APPROVED PLANS

#### 1. Approved Plans and Supporting Documentation

The development must be carried out in compliance (except as amended by any other condition of consent) with the following:

Architectural Plans - Endorsed with Council's stamp		
Drawing No.	Dated	Prepared By
CH-DA100 Revision A	26/7/2010	Templum Design Architects
Signage Types	26/7/2010	Templum Design Architects

No construction works (including excavation) shall be undertaken prior to the release of the Construction Certificate.

**Reason:** To ensure the work is carried out in accordance with the determination of Council and approved plans. (DACPLB01)

#### 2. Limitation of Development Consent for Signage

Pursuant to the provisions of State Environmental Planning Policy No. 64-Advertising and Signage, this development consent will expire 15 years after the date on which this Development Consent becomes effective and operates.

**Reason:** Statutory requirement under State Environmental Planning Policy No 64-Advertising and Signage. (DACPLB08)

#### 3. Prescribed Conditions

- (a) All building works must be carried out in accordance with the requirements of the Building Code of Australia (BCA).
- (b) A sign must be erected in a prominent position on any site on which building work, subdivision work or demolition work is being carried out:
  - (i) showing the name, address and telephone number of the Principal Certifying Authority for the work, and
  - (ii) showing the name of the principal contractor (if any) for any building work and a telephone number on which that person may be contacted outside working hours, and
  - (iii) stating that unauthorised entry to the work site is prohibited.

Any such sign is to be maintained while the building work, subdivision work or demolition work is being carried out, but must be removed when the work has been completed.

In this clause, allotment of land includes a public road and any other public place.

**Reason:** Legislative Requirement. (DACPLB09)

#### 4. General Requirements

- (a) Unless authorised by Council:

Building construction and delivery of material hours are restricted to:  
7.00 am to 5.00 pm inclusive Monday to Friday  
8.00 am to 1.00 pm inclusive on Saturday,  
No work on Sundays and Public Holidays.

- (b) At all times after the submission the Notice of Commencement to Council, a copy of the Development Consent and Construction Certificate is to remain onsite at all times until the issue of a final Occupation Certificate. The consent shall be available for perusal of any Authorised Officer.
- (c) Prior to the release of the Construction Certificate, payment of the Long Service Levy is required. This payment can be made at Council or to the Long Services Payments Corporation. Payment is not required where the value of the works is less than \$25,000. The Long Service Levy is calculated on 0.35% of the building and construction work. The levy rate and level in which it applies is subject to legislative change. The applicable fee at the time of payment of the Long Service Levy will apply.
- (d) The applicant shall bear the cost of all works associated with the development that occurs on Council's property.
- (e) No building, demolition, excavation or material of any nature shall be placed on Council's footpaths, roadways, parks or grass verges without Council Approval.
- (f) No trees or native shrubs or understorey vegetation on public property (footpaths, roads, reserves, etc.) shall be removed or damaged during construction unless specifically approved in this consent including for the erection of any fences, hoardings or other temporary works.

**Reason:** To ensure that works do not interfere with reasonable amenity expectations of residents and the community. (DACPLB10)

#### 5. No Additional Carparking or Buildings

This consent does not give approval for the construction of any new carparking spaces or use of any new areas of the site for carparking purposes, other than the existing 19 designated carparking spaces approved under previous consents.

Also the consent does not give approval for any new buildings or structures other than approved signage under this consent.

**Reason:** To ensure the bushland areas of the site are not impacted by additional carparking.

#### 6. Traffic Management Plan

The Applicant is to submit a Traffic Management Plan addressing the management of the schools activities including:

- (a) the drop off and pick up of children,
- (b) the types and frequency of school activities which generate traffic,
- (c) the provision of suitable safety measures for children using Wyatt Avenue

- (d) measures to ensure the amenity of local residents is protected
- (e) the carparking provisions to cater for all the schools activities outside normal school times (such as open days, fetes, art shows and the like)

The Traffic Management Plan is to be prepared by the Applicant's Traffic Consultant and submitted to Council within ninety (90) days from the date of this consent and all measures within the Traffic Management Plan are to be implemented within six (6) months of the date of this consent.

**Reason:** To ensure traffic safety is properly managed and that the amenity of local residents is protected.

## **7. Parking Plan**

The submission of a Parking Plan prepared by the Applicant's Traffic Consultant for the school parking, addressing the following:

- (a) Existing approved carparking areas/locations.
- (b) The means of protecting trees from parking activities for those spaces bordering the loop road within the school. Details of physical devices to prevent errant parking in landscaped areas (such as bollards or similar) are to be submitted.
- (c) Details of vehicle manoeuvring in relation to the approved carparking spaces.

The Parking Plan is to be submitted to Council for approval within ninety (90) days from the date of this consent.

**Reason:** To ensure the parking activities on the site do not impact on sensitive trees and landscape elements and to protect the environment.

## **8. Use of Open Space (including Wyatt Reserve)**

The submission of an Open Space Management Plan for the school. In this regard the Management Plan must address the following:

- (a) Identification of the Open Space needs of the school
- (b) The demand for open spaces, including outdoor play areas, school sports and games.
- (c) How the open space needs of the school are to be met onsite or on Wyatt Reserve or any other off-site facilities.
- (d) How the use of Wyatt Reserve will be carried out and where a lease or licence is required, that it be obtained in accordance with Division 2, Part 2 of Chapter 4 of the Local Government Act, 1993.
- (e) The Plan is to provide for periodic review.

The above Management Plan is to be submitted to Council within ninety (90) days of the date of this consent.

**Reason:** To ensure proper management of the schools open space needs.

## 9. Compliance with External Department, Authority or Service Requirements

The development must be carried out in compliance with the following:

External Department, Authority or Service	E-Services Reference	Dated
Energy Australia	Response Energy Aust Referral	11 August 2010
NSW Rural Fire Service	Response NSW Rural Fire Service	8 September 2010
Roads and Traffic Authority	Response Roads and Traffic Authority	25 August 2010

**(NOTE: For a copy of the above referenced document/s, please see Council's 'E-Services' system at [www.warringah.nsw.gov.au](http://www.warringah.nsw.gov.au) )**

**Reason:** To ensure the work is carried out in accordance with the determination and the statutory requirements of External Department, Authority or Bodies. (DACPLB02)

## CONDITIONS TO BE SATISFIED PRIOR TO THE ISSUE OF THE CONSTRUCTION CERTIFICATE

### 10. Deletion of Sign No.1

The sign notated on the plans as 'Sign 1' shall be deleted from the plans.

No approval is granted for the erection of any signage within the southern corner of the site along the Wyatt Avenue frontage.

Amended plans demonstrating compliance shall be submitted to the satisfaction of the Certifying Authority prior to the issue of any Construction Certificate.

**Reason:** To reduce the visual impact of signage within the residential streetscape.

### 11. Compliance with Standards

The development is required to be carried out in accordance with all relevant Australian Standards.

Details demonstrating compliance with the relevant Australian Standard are to be submitted to the Certifying Authority prior to the issue of the Construction Certificate.

**Reason:** To ensure the development is constructed in accordance with appropriate standards. (DACPLC02)

**Advice to Applicants:** At the time of determination in the opinion of Council, the following (but not limited to) Australian Standards are considered to be appropriate:

- (a) AS4361.2 - Guide to lead paint management - Residential and commercial buildings\*\*
- (b) AS 4373 - 2007 'Pruning of amenity trees' (Note: if approval is granted) \*\*
- (c) AS 4970 - 2009 'Protection of trees on development sites'\*\*\*
- (d) AS/NZS 2890.1:2004 Parking facilities - Off-street car parking\*\*

Warringah Council

- (e) AS 2890.2 - 2002 Parking facilities - Off-street commercial vehicle facilities\*\*
- (f) AS 2890.3 - 1993 Parking facilities - Bicycle parking facilities\*\*
- (g) AS 2890.5 - 1993 Parking facilities - On-street parking\*\*
- (h) AS/NZS 2890.6 - 2009 Parking facilities - Off-street parking for people with disabilities\*\*
- (i) AS 1742 Set - 2010 Manual of uniform traffic control devices Set\*\*
- (j) AS 1428.1 - 2009\* Design for access and mobility - General requirements for access - New building work\*\*
- (k) AS 1428.2 - 1992\*, Design for access and mobility - Enhanced and additional requirements - Buildings and facilities\*\*

**\*Note:** The Australian Human Rights Commission provides useful information and a guide relating to building accessibility entitled "the good the bad and the ugly: Design and construction for access". This information is available on the Australian Human Rights Commission website [http://www.humanrights.gov.au/disability\\_rights/buildings/good.htm](http://www.humanrights.gov.au/disability_rights/buildings/good.htm)

**\*\*Note:** the listed Australian Standards is not exhaustive and it is the responsibility of the applicant and the Certifying Authority to ensure compliance with this condition and that the relevant Australian Standards are adhered to.

## 12. Footpath Construction

A footpath with a minimum width of 1.2m shall be provided for the full frontage of the site in Wyatt Avenue. The new footpath shall connect to existing footpath (where applicable). This requirement shall be reflected on the Construction Certificate plans.

**Reason:** To provide adequate pedestrian facilities to cater for the development.

## 13. Submission of Engineering Plans for Civil Works in the Public Road Reserve

Engineering plans are to be submitted to Council for approval under the provisions of Section 138 of the Roads Act 1993. The submission is to include four (4) copies of Civil Engineering plans for the design of a wombat crossing (threshold with pedestrian crossing) and a complying level of street lighting for this facility which are to be generally in accordance with the Development Application and Council's specification for engineering works – AUS-SPEC #1 and/or Council's Minor Works Specification.

The fee associated with the assessment and approval of the plans is to be in accordance with Council's Fees and Charges. Details demonstrating compliance are to be submitted to the Certifying Authority prior to the issue of the Construction Certificate.

**Reason:** Ensure engineering works are constructed in accordance with relevant standards.

## 14. Construction Management Program

A Construction Management Program shall be prepared which includes the following:

- (a) The proposed method of access to and egress from the site for construction vehicles, including access routes through the Council area and the location and type of temporary vehicular crossing for the purpose of minimising traffic congestion and noise in the area, with no access across public parks or reserves being allowed;
- (b) The proposed method of loading and unloading, construction machinery and building materials, formwork and the erection of any part of the structure within the site. Wherever possible mobile cranes should be located wholly within the site;
- (c) The location and operation of any on site crane; and

Warringah Council

Details demonstrating compliance are to be submitted to the Certifying Authority prior to the issue of the Construction Certificate.

**Reason:** To ensure appropriate measures have been considered for site access, storage and the operation of the site during all phases of the construction process in a manner that respects adjoining owner's property rights and protects amenity in the locality, without unreasonable inconvenience to the community. (DACPLC13)

## CONDITIONS THAT MUST BE COMPLIED WITH DURING DEMOLITION AND BUILDING WORK

### 15. Footpath Construction

The applicant shall construct footpath in accordance with the construction certificate plans. The works shall be in accordance with the following:

- (a) All footpath works are to be constructed in accordance with Council's minor works policy
- (b) Council is to inspect the formwork prior to pouring of concrete to ensure the works are in accordance with Council's specification for footpath.

Details demonstrating compliance are to be submitted to the Principal Certifying Authority.

**Reason:** To ensure compliance of footpath works with Council's specification for engineering works. (DACENE07)

### 16. Trees Condition

During the construction period the applicant is responsible for ensuring all protected trees are maintained in a healthy and vigorous condition. This is to be done by ensuring that all identified tree protection measures are adhered to. In this regard all protected plants on this site shall not exhibit:

- (a) A general decline in health and vigour.
- (b) Damaged, crushed or dying roots due to poor pruning techniques.
- (c) More than 10% loss or dieback of roots, branches and foliage.
- (d) Mechanical damage or bruising of bark and timber of roots, trunk and branches.
- (e) Yellowing of foliage or a thinning of the canopy untypical of its species.
- (f) An increase in the amount of deadwood not associated with normal growth.
- (g) An increase in kino or gum exudation.
- (h) Inappropriate increases in epicormic growth that may indicate that the plants are in a stressed condition.
- (i) Branch drop, torn branches and stripped bark not associated with natural climatic conditions.

Any mitigating measures and recommendations required by the Arborist are to be implemented.

The owner of the adjoining allotment of land is not liable for the cost of work carried out for the purpose of this clause.

**Reason:** Protection of Trees. (DACLAEO3)

## **CONDITIONS THAT MUST BE COMPLIED PRIOR TO THE USE OPERATING WITH INCREASED STUDENT NUMBERS**

### **17. Ancillary Requirements**

The following requirements are to be met prior to the use operating with the increased student numbers:

- a) A Bushfire Safety Authority is to be obtained from the NSW Rural Fire Service;
- b) The requirements of the Roads and Traffic Authority.

**Reason:** To ensure the use operates with appropriate infrastructure being provided.

## **CONDITIONS THAT MUST BE COMPLIED IN RELATION TO THE USE OPERATING WITH INCREASED STUDENT NUMBERS**

### **18. Ancillary Requirements**

The following requirements are to be met within 6 months of the date of this consent to enable the school to operate in accordance with the increased student numbers:

- a) The footpath construction is to be completed;
- b) The drop-off / pick-up zone is to be implemented as per the recommendations of the Warringah Traffic Committee and the Traffic Report prepared by McLaren Traffic Engineering;
- c) The children's crossing is to be upgraded to a Wombat Crossing, with associated signage and facilities.

**Reason:** To ensure the use operates with appropriate infrastructure being provided.

## **ON-GOING CONDITIONS THAT MUST BE COMPLIED WITH AT ALL TIMES**

### **19. Vehicle Egress Signs**

Appropriate sign(s) shall be provided and maintained within the site at the point(s) of vehicular egress to compel all vehicles to come to a complete stop before proceeding onto the public way.

Details demonstrating compliance are to be submitted to the Principal Certifying Authority prior to the issue of any interim / final Occupation Certificate.

**Reason:** To ensure pedestrian safety. (DACPLG03)

### **20. Carparking Layout**

All car spaces being line marked in accordance with the carparking layout on the approved plans.

**Reason:** To clearly identify carparking spaces in accordance with the approved plans.

## **21. Two (2) Year time period for Increased Students Numbers**

This consent for an increase in the number of students is granted for up to 75 children (and a total overall number of student of 225) and 3 additional staff for a two (2) year period for the date of this consent.

**Reason:** To ensure the increased numbers of students is monitored and reviewed in an appropriate manner prior to any permanent approval being granted.

## **22. Traffic and Safety Report**

The submission of a Traffic and Safety Audit Report on a bi-annual basis for the school. The report is to address the effectiveness and performance of the traffic and pedestrian safety measures to be implemented under this consent. The first report is to be provided six (6) months from the time of completion of the traffic safety measures, then at 6 months, intervals for the remainder of the 2 year time period of this consent. The reports are to be submitted to Council.

**Reason:** To ensure the use is operating in an appropriate manner and provisions are made for ongoing review.

## **Right to Review by the Council**

You may request Council review the determination of the application under Section 82A of the Environmental Planning & Assessment Act 1979 if it is NOT integrated or designated development. Any request to review the application must be made and determined within 12 months from the date of determination.

*NOTE: A fee will apply for any request to review the determination.*

## **Right of Appeal**

If you are dissatisfied with this decision Section 97 of the Environmental Planning & Assessment Act 1979 may give you the right to appeal to the Land and Environment Court within 12 months after the date on which you receive this notice.

# Notice of Determination

## Advisory Notes (General)

### Where are you in the development process?

**Note:** The advice within this document is provided in good faith as a guide to assist applicants understand the broad process and will not detail every step or every requirement for demolition, building construction works or subdivision required or business operating requirements under New South Wales or Commonwealth Legislation. If you require clarification or have any questions, please contact your Certifier or Council's Planning and Development Enquiries Team..

Warringah Council

### **General Advice**

The attached Notice of Determination includes conditions of consent which must be complied with.

*(Note: A failure to comply is a serious breach of the Environmental Planning & Assessment Act 1979 which attracts penalties and may also result in legal action being taken, and orders for demolition.)*

### **Building Certification**

The Environmental Planning and Assessment Act 1979 provides that:

- Building work cannot occur unless a construction certificate has been issued;
- Occupation of building works cannot occur unless an occupation certificate has been issued
- Subdivision cannot be registered until a subdivision certificate has been issued
- Mandatory Inspection for building work must be completed

Please refer to process chart for more detail.

*(Note: A failure to gain approval prior to the works being carried out is a serious breach of the Environmental Planning & Assessment Act 1979 which attracts penalties and may also result in legal action being taken, and orders for demolition.)*

### **Certification Services**

Construction Certificates / Occupation Certificate / Subdivision Certificates / Strata Certificate, can be issued by Council or an accredited private certifier (Note Council must be the Principal Certifying Authority (PCA) for subdivisions).

Council is well placed to provide Certification Services. Council can issue Construction Certificates and act as your Principle Certifying Authority at competitive rates. Please visit our web site [www.warringah.nsw.gov.au](http://www.warringah.nsw.gov.au) or speak to our Customer Service Officers if you have any further questions about our Certification Services or if you wish to use Council as your certifier.

### **Charges Associated with the Development Consent**

All bonds, fees, (s94A) Development Contributions, Long Service Levy detailed within the Notice of Determination are required to be paid prior to the issuing of any Construction Certificate.

### **Acceptable Form of Security Bonds**

Council will accept bank guarantee (in a form acceptable to Council) in lieu of cash and is required prior to the issue of a construction certificate.

### **Modifications to the consent**

If you seek to make any changes to the development (which may include internal / external configuration of the building, variation to facades, site layout or any changes to the proposed operation or use), the modifications *will* require the submission and approval of an application to modify the development consent prior to the issuing of a Construction Certificate and prior to the works being carried out.

*(Note: A failure to gain approval prior to the works being carried out is a serious breach of the Environmental Planning & Assessment Act 1979 which attracts penalties and may also result in legal action being taken, and orders for demolition.)*

### **Other Matters not detailed within the Notice of Determination**

The Notice of Determination does not stipulate every requirement that must be completed to satisfy New South Wales and Commonwealth legislation.

You should check, as may be relevant, with other authorities including but not limited to:

- ☐ Workcover NSW for work safety and asbestos requirements
- ☐ Sydney Water – Quick Check Agent for the provision of water and sewer services
- ☐ Energy & Gas suppliers for utility services
- ☐ Department of Fair Trading for advice about builders and licensing
- ☐ Building Professionals Board for advice about private certifiers
- ☐ NSW Roads and Traffic Authority for works on state roads only
- ☐ Human Rights and Equal Opportunity Commission for access issues
- ☐ NSW Land and Property Information Service for Land Title matters

**Note:** The advice within this document is provided in good faith as a guide to assist applicants understand the broad process and will not detail every step or every requirement for demolition, building construction works or subdivision required or business operating requirements under New South Wales or Commonwealth Legislation. If you require clarification or have any questions, please contact your Certifier or Council's Planning and Development Enquiries Team.

Warringah Council

- ☐ *Australia Post* for the positioning and dimensions of mail boxes in new commercial and residential developments;

### **Model**

If you submitted a model with the application it must be collected from the Council offices within fourteen (14) days of the date of this determination. Models not collected will be disposed of by Council.

### **Trade waste agreement**

A Trade Waste Agreement must be obtained from Sydney Water prior to the discharge of trade wastewater to the sewer system. Trade wastewater is defined as 'discharge water containing any substance produced through industrial or commercial activities or operation on the premises'.

### **Waste collection**

Liquid and solid wastes generated on the site must be collected, transported and disposed of in accordance with the requirements of the *Protection of the Environment Operations Act 1997*. Records must be kept of all waste disposal from the site.

Material to be removed from the site must be source separated on site to maximise recycling, and the material disposed of to an appropriate disposal and recycling facility in accordance with the approved Waste Management Plan.

### **Aboriginal Heritage**

If in undertaking excavation or works and any Aboriginal site or object is, or is thought to have been found, all works are to cease immediately and the applicant is to contact the Aboriginal Heritage Officer for Warringah Council, and the Cultural Heritage Division of the Department of Environment and Climate Change (DECC).

### **On-Site Sewage Management System**

This approval does not authorise the installation or operation of a new or modification of an existing on-site wastewater management system. An On-Site Sewage Management System must not be installed or operated unless an 'Approval to Install an On Site Sewage Management System' is obtained from Warringah Council.

### **Cost of Works**

The applicant shall bear the cost of all works associated with the development that occurs on Council's property.

### **Relocation of stormwater drainage**

Council is not responsible for the cost of relocating Council's stormwater drainage pipes through the subject property.

### **Tree preservation**

Where tree work has not been approved by this Development Consent the developer is notified that a general Tree Preservation Order applies to all trees in the Warringah Local Government Area. This order prohibits the ringbarking, cutting down, topping, lopping, pruning, transplanting, injuring, or wilful destruction of such trees except without the prior written consent of Council.

### **Storage bins on footpath and roadway**

Approval is required from Council prior to the placement of any storage bin on Council's footpath and/or roadway.

### **Protection of Public Places**

- (1) If the work involved in the erection or demolition of a building:
  - (a) is likely to cause pedestrian or vehicular traffic in a public place to be obstructed or rendered inconvenient; or
  - (b) building involves the enclosure of a public place,

a hoarding and site fencing must be erected between the work site and the public place.

- (2) If necessary, an awning is to be erected, sufficient to prevent any substance from, or in connection with, the work falling into the public place.
- (3) The work site must be kept lit between sunset and sunrise if it is likely to be hazardous to persons in the public place.
- (4) Any such hoarding, fence or awning is to be removed when the work has been completed.

**Note:** The advice within this document is provided in good faith as a guide to assist applicants understand the broad process and will not detail every step or every requirement for demolition, building construction works or subdivision required or business operating requirements under New South Wales or Commonwealth Legislation. If you require clarification or have any questions, please contact your Certifier or Council's Planning and Development Enquiries Team.

Warringah Council

(5) No access across public reserves or parks is permitted.

**Note: Prior to the erection of any temporary fence or hoarding over property owned or managed by Council, written approval must be obtained.**

### Road Opening Permit

The developer/applicant is to obtain a "Road Opening Permit" from Council and pay all appropriate charges prior to commencement of any work on Council property. The developer/applicant shall be responsible for all public utilities and services in the area of the work, and as such shall notify all relevant Authorities, and bear all costs associated with any repairs and/or adjustments as those Authorities may deem necessary.

### Special Permits

Unless otherwise specifically approved in writing by Council, all works, processes, storage of materials, loading and unloading associated with the development are to occur entirely on the property. The applicant, owner or builder must apply for specific permits available from Council. A minimum of forty-eight (48) hours notice is required for all permits except work zones, which may require additional assessment time.

☐ *Permit for on-street mobile plant*

Restrictions apply to the hours of operation and the area of operation for on street mobile plant equipment (for example cranes, concrete pumps, cherry pickers). Separate permits are required for each occasion and each piece of equipment. It is the responsibility of the applicant, owner and builder to take whatever steps are necessary to ensure that the use of any equipment does not violate adjoining property owner's rights.

☐ *Hoarding Permit*

Permits are required to erect Class A, Class B and Class C hoardings. If an 'A' Class hoarding is to alienate a section of Council's property, that section will require a permit for the occupation of Council's property.

☐ *Storage of building materials and building waste containers (skips) on Council's property*

Permits to utilise Council property for the storage of building materials and building waste containers (skips) are required for each location. Failure to obtain the relevant permits will result in the building materials or building waste containers (skips) being impounded by Council with no additional notice being given.

☐ *Kerbside restrictions, work zones*

Existing kerbside restrictions apply. An application must be made to Council for the alteration of existing kerbside restrictions or the provision of a construction zone.

Other permits may include out of construction hours permits.

### Licensing requirements for removal of bonded asbestos

Anyone who removes, repairs or disturbs bonded asbestos must hold a bonded or a friable asbestos licence, or a demolition licence in accordance with Workcover requirements and the Occupational Health and Safety Act 2000.

### Pool Access

Access to pools are required to be restricted by a child resistant barrier in accordance with the regulations prescribed in all relevant Acts, Regulations and Australian Standards including:

- (i) Swimming Pools Act 1992;
- (ii) Swimming Pools Amendment Act 2009;
- (iii) Swimming Pools Regulation 2008
- (iv) Australian Standard AS1926 Swimming Pool Safety
- (v) Australian Standard AS1926.1 Part 1: Safety barriers for swimming pools
- (vi) Australian Standard AS1926.2 Part 2: Location of safety barriers for swimming pools

It is your responsibility as a land owner to ensure any fencing is maintained.

### Dewatering

Where dewatering works are required on the development site during construction, the developer/applicant must apply for and obtain a bore license from the NSW Department of Water and Energy. The bore license must be obtained prior to commencement of dewatering works.

**Note:** The advice within this document is provided in good faith as a guide to assist applicants understand the broad process and will not detail every step or every requirement for demolition, building construction works or subdivision required or business operating requirements under New South Wales or Commonwealth Legislation. If you require clarification or have any questions, please contact your Certifier or Council's Planning and Development Enquiries Team.

Warringah Council

### **Requirement to Notify about New Contamination Evidence**

Any new information revealed during works that has the potential to alter previous conclusions about site contamination or hazardous materials shall be immediately notified to Council and the Principal Certifying Authority.

### **Flood Evacuation Plan**

If your site is on flood prone land you may wish to consider the preparation of a flood evacuation plan.

Generally a Flood Evacuation Plan would be prepared by suitably qualified Engineer (e.g. Hydraulic) with a number of years experience in flood management and who is eligible for Membership to the Australian Institute of Engineers.

Some matters that you may wish to consider (but not limited to) include:

- (i) a route of evacuation to higher ground and / or point of shelter
- (ii) depth of water for a Possible Maximum Flood event surrounding the building
- (iii) details of 'last chance' evacuation water levels / times for evacuation prior to floodwaters surrounding the building
- (iv) provide details of flood warning systems and protocols
- (v) details of how this information will be distributed and people educated for users of the site.

You may seek to discuss this with the State Emergency Service of NSW.

### **Utility Service Requirements**

Where development requires the installation of, or the relocation of utility services being (but not limited to) gas, water, electricity and telecommunications, the installation of, or the relocation of utility services shall be conducted in accordance with the requirements of the relevant service provider / authority (unless stipulated by any other condition of the consent or will result in damage to threatened or endangered species defined under the Threatened Species Conservation Act).

### **Plant & Equipment Kept Within Site**

All plant and equipment used in the erection of the building, including concrete pumps, wagons, lifts, mobile cranes, etc, shall be situated within the boundaries of the site and so placed that all concrete slurry, water, debris and the like shall be discharged onto the building site, and is to be contained within the site boundaries. This does not prevent any requirement to comply with the Protection of the Environment Operations Act.

### **Lighting**

Illumination of the site is to be arranged in accordance with the requirements of Australian Standard 4282 - 1997 Control of the obtrusive effects of outdoor lighting so as not to impact upon the amenity of the occupants of adjoining and nearby residential premises.

## **OTHER MATTERS**

### **Child Care Centres**

A license to operate a child care centre must be obtained from the NSW Department of Community Services prior to the commencement of the use of the child care centre.

### **Disability Access**

This decision does not ensure compliance with the Commonwealth Disability Discrimination Act 1992. Applicants are strongly advised to investigate their requirements under that Act

### **Food Premises**

Food premises are required to comply with the requirements of the Food Act 2003, the Food Standards Code and Australian Standards.

The proprietor of a food business must notify the NSW Food Authority of the details of the business. Notification may be done either online at [www.foodnotify.nsw.gov.au](http://www.foodnotify.nsw.gov.au) or by lodging a completed NSW Food Authority notification form to the NSW Food Authority or Council.

### **Wheel washing facility**

All trucks leaving the site, having had access to unpaved or contaminated areas, shall depart via a wheel wash facility in order to prevent mud, dust or debris from being deposited on Council's roads. The wheel wash facility shall be constructed prior to any truck movements occurring. Water from the wheel wash facility must not cause pollution. Any direction of Council with regard to cleaning trucks or the clean up of road pavements adjoining the site shall be complied with immediately.

**Note:** The advice within this document is provided in good faith as a guide to assist applicants understand the broad process and will not detail every step or every requirement for demolition, building construction works or subdivision required or business operating requirements under New South Wales or Commonwealth Legislation. If you require clarification or have any questions, please contact your Certifier or Council's Planning and Development Enquiries Team.

Warringah Council

### **Monitoring State of Roadways**

The applicant shall monitor the state of roadways leading to and from the site and shall take all necessary steps to clean up any adversely impacted road pavements as directed by Council.
