The Sydney North Planning Panel meeting for the Bushlands Avenue DA that was scheduled for 15 August 2017 at 5:30pm is being postponed. A late public submission has raised issues in relation to noise impacts which require further assessment by Council prior to the Panel determining the matter.

The meeting will be rescheduled once assessment is provided. The Panel will notify residents who have made submissions and also advertise the meeting in the North Shore Times at least two weeks prior the public meeting.

Apologies for any inconvenience.
