07 September 2017

Attention: Newcastle City Council

To whom it may concern,

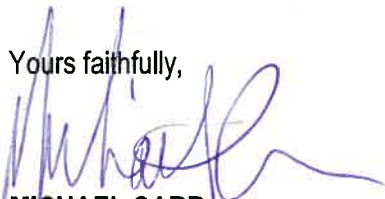

RE: Multi-residential development - 990 Hunter Street, Newcastle

The shadow diagrams prepared for the above-mentioned development have been formulated in Revit 2017. The following actions were undertaken to prepare the shadow diagram drawings, A5-00_DA5 & DA-01_DA2:

- the plans were set to true north
- the location was set to development location,
- the sun settings were set to winter solstice,
- and the times were set to each drawing title.

Therefore, I can confirm the shadow diagrams are accurate.

Yours faithfully,

MICHAEL CARR
Architect
