These drawings shall be read in conjunction with other consultants' drawings and specifications and with such other written instructions as may be issued during the course of the contract and the construction of the works.

All building works, associated works, materials and workmanship in this project are to be in accordance with all relevant and current: - provisions of Building Code of Australia; - Australian Standards issued by "Standards Australia"; - and all other relevant Authority requirements

Any discrepancy shall be referred to MMA Architects

before proceeding with the work.

All dimensions must be taken from site and/or verified before commencement of work. Approval by the Architect of this drawing for project use is for the design concept only and does not relieve the Contractor or Builder of any of his/her responsibilities under the contract.
