| <b>LOCATION</b>            | Christie Conference Centre, 3 Spring Street Sydney |

## BRIEFING MATTER(S)

### 2016SYE016 – Strathfield - DA 2015/177

14-82 Madeline Street, Belfield

Use of the site as a waste management facility with an annual capacity of 30,000 tonnes of paper and cardboard and 69,900 tonnes of mixed metals, glass and mixed plastic.

Due to the intended capacity of the site, the proposed waste management facility requires an EPA license under the Protection of the Environment Operations Act 1997. Therefore the proposal is deemed Integrated Development under Clause 91 of the Environmental Planning and Assessment Act 1979.

Pursuant to Schedule 3 of the Environmental Planning & Assessment Regulation 2000, the proposed development is also defined as Designated Development due to the capacity of the site and proximity to the Cooks River and residential dwellings.

## ATTENDEES

|                                 |   |
