Do not scale from photos.

Verify all dimensions on site before commencing work.

Careful consideration of floor drainage direction must be obtained from the Council's Public Works Officer prior to construction.

The Architect shall be liable for errors or omissions whether arising from an oversight or otherwise of any kind, including its liability for negligent design, even if such errors or omissions are caused by the Client or other consultants.

This document reflects the best responsibility for achieving economy and completion of this project.

All rates of works shown here represent estimates only and are subject to change as required by the Council.
