

General Notes

- 1) All dimensions and force lines are to be verified by the Builder prior to the commencement of any building work. Any discrepancies are to be brought to the attention of the designer.
- 2) Levels shown are approximate values accompanied by assumed levels.
- 3) Ramped dimensions must be taken in preference to vertical.
- 4) All boundary dimensions must be verified by the surveyor prior to the commencement of any building work.
- 5) Where a building is to be constructed on a sloped site such that the building is to be slanted, the slanting of the building shall be in accordance with AS 2600:3-1990.
- 6) Statements regarding the design of Council requirements are for AS 2600:3-1990.
- 7) All services to be located and verified by the Builder with relevant authorities before any building work commences.
