General Manager
Murray River Council
PO Box 21
MATHOURA NSW 2710

23-Sep-16

Dear Sir/Madam

Proposed Development	DA033/17 – Application for Development Consent for extractive activities
Applicant	EMM Group Pty Ltd
Location	Lot 97 DP 751140

I refer to your correspondence dated 02 September 2016 regarding comments for the above proposal.

Department of Industry, Lands (the Department) has reviewed the letter, together with the submitted application and offers no objections to the proposed development.

It has come to the Department's attention that sections of Eleven Mile Road and Rushy Road, as shown on the map at Attachment A, are Crown roads. These roads appear to be in use as a primary access for a number of residential properties and businesses, including the quarry subject to this development application. These roads appear to be regularly maintained.

Please note that the Department does not permit any road construction works on Crown roads. Although road construction is not proposed as a part of this development application I take this opportunity to suggest that Council transfer the roads hatched on the map at Attachment A to their management. This is a relatively short process and will not attract a fee in this instance.

Should you require any further information, please do not hesitate to contact Sara Williams at the Wagga Wagga Office by phone on 02 6937 2703.

Yours sincerely

Grant Marsden
Manager, South West Area
Department of Industry-Lands

Attachment A – Map Showing Crown Roads Suggested to Transfer
