

## Department of Primary Industries

OUT16/37643

The General Manager  
Murray River Council  
PO Box 21  
Mathoura NSW 2710

Attention: Chris O'Brien, Town Planner

Dear Chris

**RE: DA 033/17 Murray REP2 Notification and Clause 77 of EPA Reg 2000 Notification**

Thank you for forwarding the development application in the email dated 2 September 2016.

NSW DPI (Agriculture) has reviewed the information provided against the factsheet: "Agricultural Issues for Extractive Industry Development". There are no matters regarding impacts on agricultural land and rural industries as a result of this application.

However the following matters will required more detailed information for re assessment if there is to be a higher rate of extraction (ie greater than 30,000 tonnes per year):

- the area under active excavation
- the extent of the resulting voids and their rehabilitation including timeframes
- any fencing of excavation sites to prevent injury to co-located stock
- weed management.

Please contact Lilian Parker, Resource Management Officer on phone 0269381906 or email [Lilian.parker@dpi.nsw.gov.au](mailto:Lilian.parker@dpi.nsw.gov.au) if you have further enquiries.

Yours sincerely

Liz Rogers  
**Manager**  
**Agriculture Landuse Planning**
