- Peter Robertson
- Brad Ewing
- Mathew Smowton
- Lynette Smith
- Wayne Smith

REASONS FOR DEFERRAL.

The Panel agreed to defer the determination of the matter until:

1. the following information is provided by the Applicant:

Air Quality

- Response from the Proponent to the issues raised by Dr Simon Leake in the SESL Australia submission dated March 2017. In particular
- Explanation as to why the receival shed could not be fully enclosed with a negative pressure system.
- Information regarding the potential health risk of air-borne particles being generated by operations at the site.

Traffic

- Justification for the use of 2005 traffic data and 2% per year cumulative growth for the Kywong-Howlong Road, Howlong-Goombargana Road and Drews Lane.
- Confirmation that Kywong-Howlong Road, Howlong-Goombargana Road and Drews Lane have been constructed to an acceptable standard to accommodate the heavy vehicles associated with the development.

Regional Waste

- Does the Regional Waste Management Committee have a waste strategy and is the facility consistent with that strategy?
- Have alternative sites for the facility been considered in the context of any such waste strategy?
- Does the facility include capacity for growth in regional waste?

Site Management

- Information regarding the management and disposal of contaminants extracted during the initial receival process.
- Clarification of proposed construction hours. Recommended Conditions 8 and 99 are inconsistent.
- Confirmation that sufficient water is stored on site for bushfire management purposes.
- Details of site closure and decommissioning should operations cease.

2. The following information is provided by Federation Council:

Strategic Context

- Clarification on strategic plans for the Howlong Township. In particular whether the site of proposed development is within or in the vicinity of land identified for the future growth of Howlong.
