In addition to the National Construction Code series, Building Code of Australia Vol. 1, 2016, the Plumbing Code of Australia, 2016 & the building regulations applicable to the state of New South Wales, the following applicable Australian Standards & codes of practice are to be adhered to through the documentation & construction works;

AS3000 – Electrical installations; buildings, structures & premises (known as the saa wiring rules) AS1562 – Design & installation of sheet roof & wall cladding

AS2293 – Emergency escape lighting & exit signs for buildings AS/NZS4200 - 1994 - Parts 1 & 2 Pliable building membranes & underlays

These drawings shall be read in conjunction with all architectural & other consultants drawings & specifications & with such other written instructions as may be issued during the course of the contract. All discrepancies shall be referred to 'Barnson Pty Ltd' for a decision before proceeding with the work.

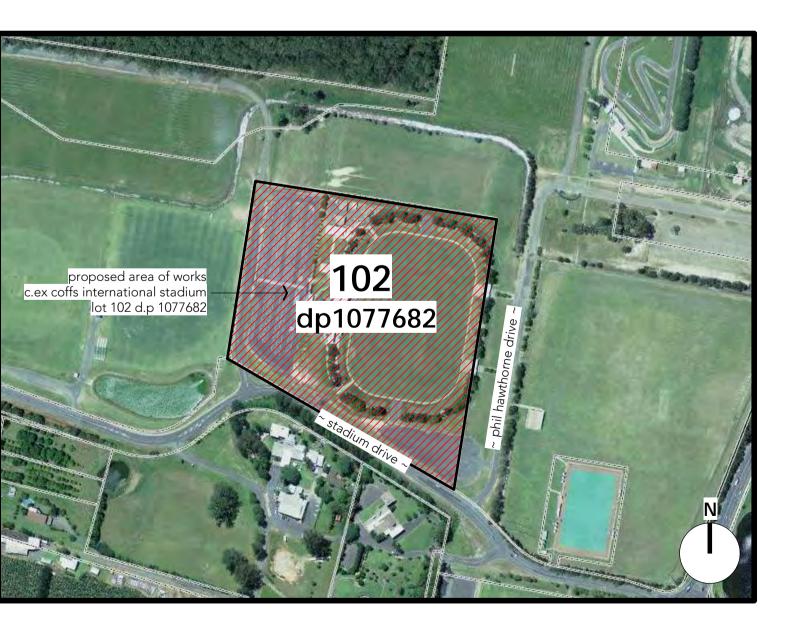

All dimensions are in millimetres unless stated otherwise & levels are expressed in metres. Figured dimensions are to be taken in preference to scaled dimensions unless otherwise stated. All dimensions are nominal, and those relevant to setting out & off-site work shall be verified by the contractor before construction & fabrication.
