¹ An 'actual' conflict of interests is where there is a direct conflict between a member's duties and responsibilities and their private interests or other duties.

² A 'potential' conflict of interests is where a panel member has a private interest or other duty that could conflict with their duties as a panel member in the future.

³ A 'reasonably perceived' conflict of interests is where a person could reasonably perceive that a panel member's private interests or other duties are likely to improperly influence the performance of their duties as a panel member, whether or not this is in fact the case.

In relation to this matter, I declare that I have: discretionary Note as follows

no known conflict of interest ☒

an actual¹ ☐, potential² ☐ or reasonably perceived³ ☐ conflict of interest as detailed below:

I declare a discretionary note that I participated in a Council meeting on the 18th February 2014, where a proposal to develop a masterplan for stage 2 of the development was presented as well as statistics and information relating to the community attitude toward the matter - I sought advice of the Georges Council General Manager who advised that in the context of the material considered, she did not believe I had a conflict to declare for the SSPP panel on this matter. I further note that the Panel (Chair - Bruce and Nicole) accepted that the discretionary note provided by me does not constitute a conflict of duty, and that I can remain on the Panel for this matter.
