

This is a resolution of the Southern Regional Planning Panel (**Panel**) made at a meeting of the Panel on Tuesday, 16 October 2018 at which a majority of its members were present, in accordance with Schedule 2 Part 5 of the *Environmental Planning and Assessment Act 1979*.

The Panel resolves to request the Department of Planning & Environment to arrange for a peer review to be made of the original and supplementary assessment report provided by Upper Lachlan Shire Council on 26 September 2018.

The peer review should include responses to all issues identified in the Record of Deferral for the Panel meeting on Wednesday, 14 March 2018 and the following issues (as communicated to Upper Lachlan Shire Council on Friday, 13 April 2018):

- Clarification of the classification of this DA as “electricity generating infrastructure” in the context of SEPP (Infrastructure) 2007 and SEPP (State and Regional Development) 2011.
- Clarification re approval to develop on Crown Roads.
- Recommendations on any modifications to Councils recommendations and proposed conditions.
- Confirm that the assessment has addressed all matters for which the consent authority must be satisfied.
- Include explicit assessment of the substation extension given the application is described as being in two parts.

Panel members

 Renata Brooks (Chair)	 Alison McCabe
 Mark Grayson	 Paul Culhane
