Dear Ms Kruger

Re Proposed freight transport facility

I refer to your electronic mail dated 28 July 2017 to the Environment Protection Authority (EPA) requesting our comments on the proposed freight transport facility at Lot 4 DP 1234806 Irrigation Way Murrumbidgee.

The EPA has responsibilities for pollution control and environmental management for scheduled activities under the *Protection of the Environment Operations Act 1997*. Based on the information provided the proposed activity is not a scheduled activity under the Act and the proposed facility does not require an Environment Protection Licence.

On this basis the EPA has no further comments to make in relation to this proposal.

If you have any further enquiries about this matter please contact Jason Price by telephoning 02 6969 0700.

Yours sincerely
