## Summary of activities

The principal activity of the Company during the financial year was the provision of aged care services, residential seniors accommodation, community care for the aged and other charitable activities. This year has seen a significant effort in overhauling our approach to customer service, customer experience and customer care. St Basil's are exploring ways to make the days of our residents more dignified and meaningful. The focus has been on resident activities that are more individualised to each person, suited to their culture, their likes and dislikes, their interests and their personality. This focus also places a lot of importance on the resident's family and friends, and the role they can play in the life of the resident. The results have been encouraging. These activities are in line with the vision of the charity "A multicultural Australia where older people can receive the care they need in a way that is meaningful to them".
