<sup>1</sup> An 'actual' conflict of interests is where there is a direct conflict between a member's duties and responsibilities and their private interests or other duties.

<sup>2</sup> A 'potential' conflict of interests is where a panel member has a private interest or other duty that could conflict with their duties as a panel member in the future.

<sup>3</sup> A 'reasonably perceived' conflict of interests is where a person could reasonably perceive that a panel member's private interests or other duties are likely to improperly influence the performance of their duties as a panel member, whether or not this is in fact the case.

## Declaration of Interest

MEETING DATE	19 June 2019
Panel reference	2018SSH040 – Canterbury Bankstown - DA384/2018 at 144-146 Boronia Road, Greenacre

In relation to this matter, I declare that I have:

no known conflict of interest

an actual<sup>1</sup> , potential<sup>2</sup>  or reasonably perceived<sup>3</sup>  conflict of interest as detailed below:

---

*Whilst I do not believe that I have any conflict of interest, I nevertheless wish to have noted interactions that I have had with an objector to this application that will come before the panel in June 2019.*

*On 26 June 2018 I attended a meeting with an objector, the Mayor, and Council officers in relation to this DA. This was the Mayors meeting and I attended with the Mayor and did not participate in any discussion, rather I listened to the proceedings at that meeting.*

*It is important to note that at that time it was not known that the DA would be determined by the Sydney South Planning Panel. In fact, the matter was to be dealt with either by staff under delegation or Council's Local Planning Panel.*

*Subsequently amended plans were lodged which would see the matter being delegated to the Sydney South Planning Panel.*

*An objector proceeded to call me on 3 occasions that I recall, prosecuting her grievances with the application under assessment. Being mindful of my responsibilities as a member of the panel, on each occasion and much to her frustration, I listened politely and advised that I was unable to offer a comment on the matter and that I would need to fully consider the matter once an assessment is complete.*

*I don't believe that I have in any way breached any code of conduct and am free and open minded to impartially consider this matter. Of course, I always strive to be*
