Re: Wicks Park Development

Dear Sir,

I can confirm that the design of the public areas (retail arcade, through site link and Victoria Road frontages) within the development will achieve, as a minimum, the requirements of the Access To Premises Standard and as such will provide the appropriate levels of equitable access for all users as required by the DDA. Further opportunities will be explored during detailed design to deliver on Design for Dignity Guideline, including wayfinding and public amenities.

Yours faithfully

A handwritten signature in black ink that reads 'H. Moutrie'.
