Dear Glen,

Hamptons Property Services has been retained by Eastern Suburbs Leagues Club to prepare and lodge a Site Compatibility Certificate (SCC) application for the above site.

The purpose of the application is to seek a Site Compatibility Certificate from the Department of Planning & Environment (DPE) to enable a seniors living development to be constructed on land that is currently used as a 'registered club', pursuant to the Gosford Local Environmental Plan 2014.

Please find attached the application form, supporting documents and a copy of the cheque.

The cheque and three hardcopies of the documents will be posted to PO Box 1148 - Gosford NSW 2250.

Should you have any queries in relation to this application, please do not hesitate to contact me.

Kind regards,

Vidhya Ramesh
Project Manager
