Cathie,

There is a 50mm main in Woodrow Way which would be the closest point of connection, a mains extension would be required but I believe gas could be made available to this proposal without any issues.

Your application should be through our portal as detailed below

RE: LOT 42, DP 846326 & LOT 8, DP 855275 – MT VINCENT ROAD & WILTON DRIVE, EAST MAITLAND

Greg,

Our client is proposing a seniors living development at the above location (concept plan attached).

I note the location of 32mm gas main to the west of Lot 8 in Wilton Drive and a 100mm pressure main in Mt Vincent Road opposite Wilton Drive.

Is it possible to connect through Lot 8 along Wilton Drive to the site?

Preliminary advice only at this stage.

Many Thanks

Mark Leek
