

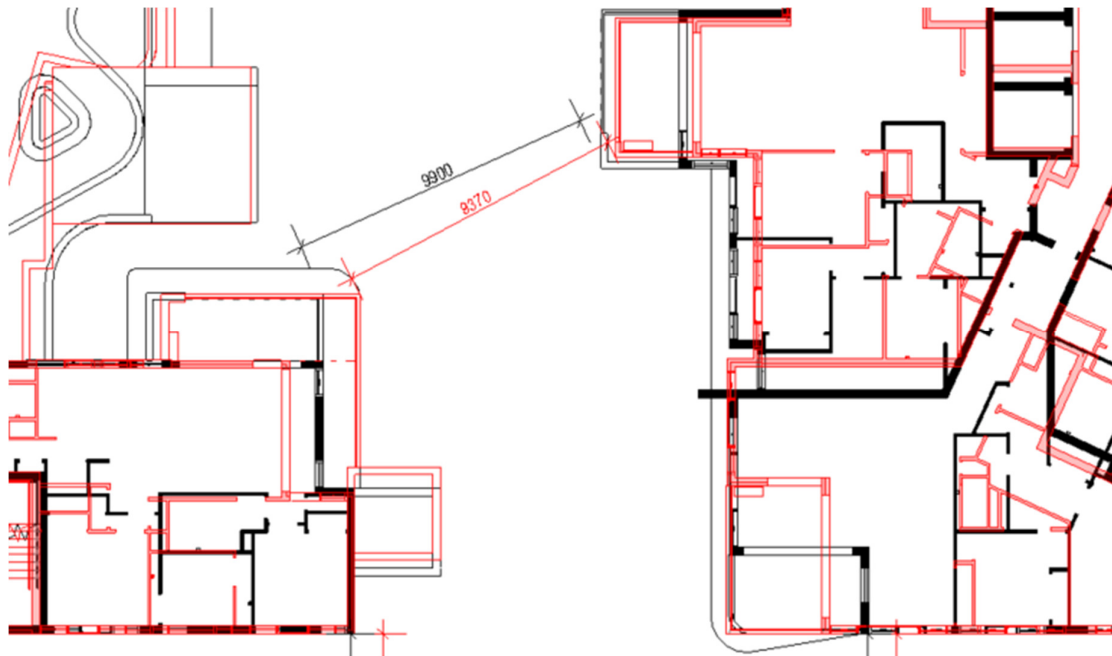

**Figure 1:**

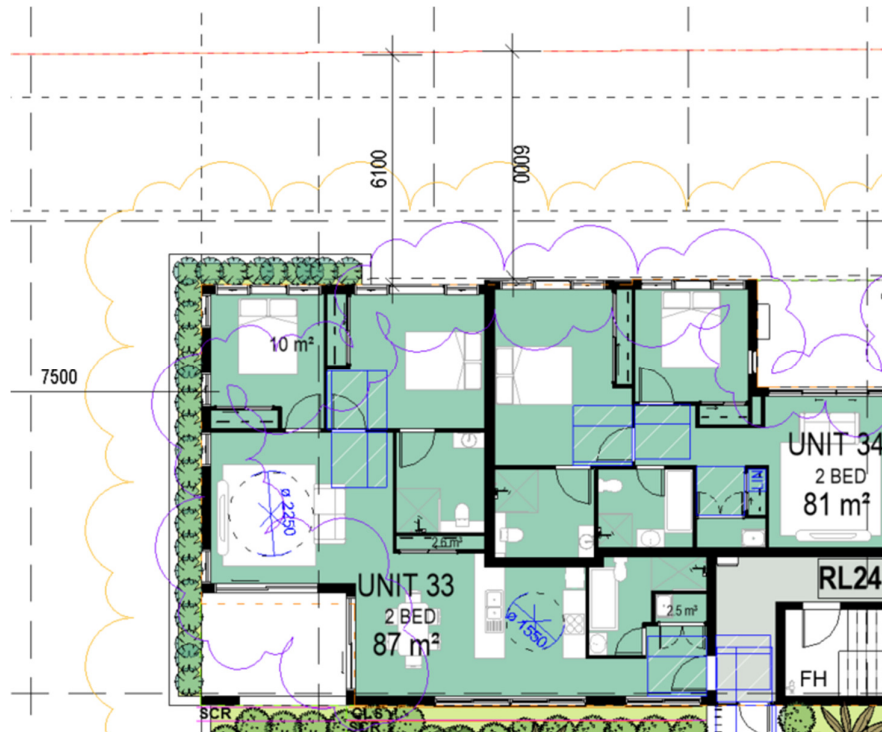

Unit 37 & Unit 50 separation has increased from 9.37m (approved DA in red) to 9.9m (S4.55 in black).

**Figure 2a:**

Unit 33 beyond the 6m setback.

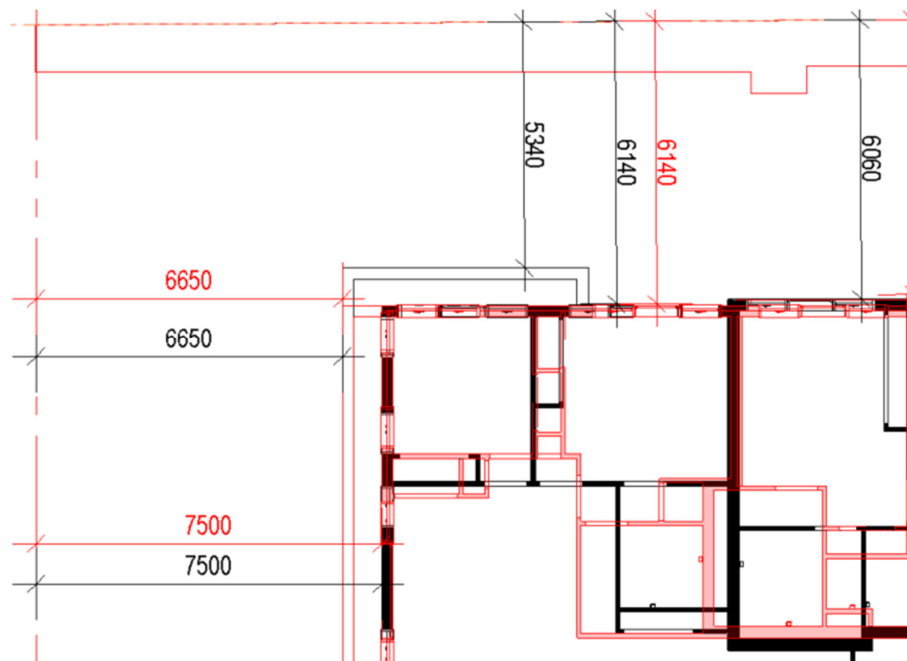

Planter encroaches setback and is used to soften the corner of the building.

**Figure 2b:**

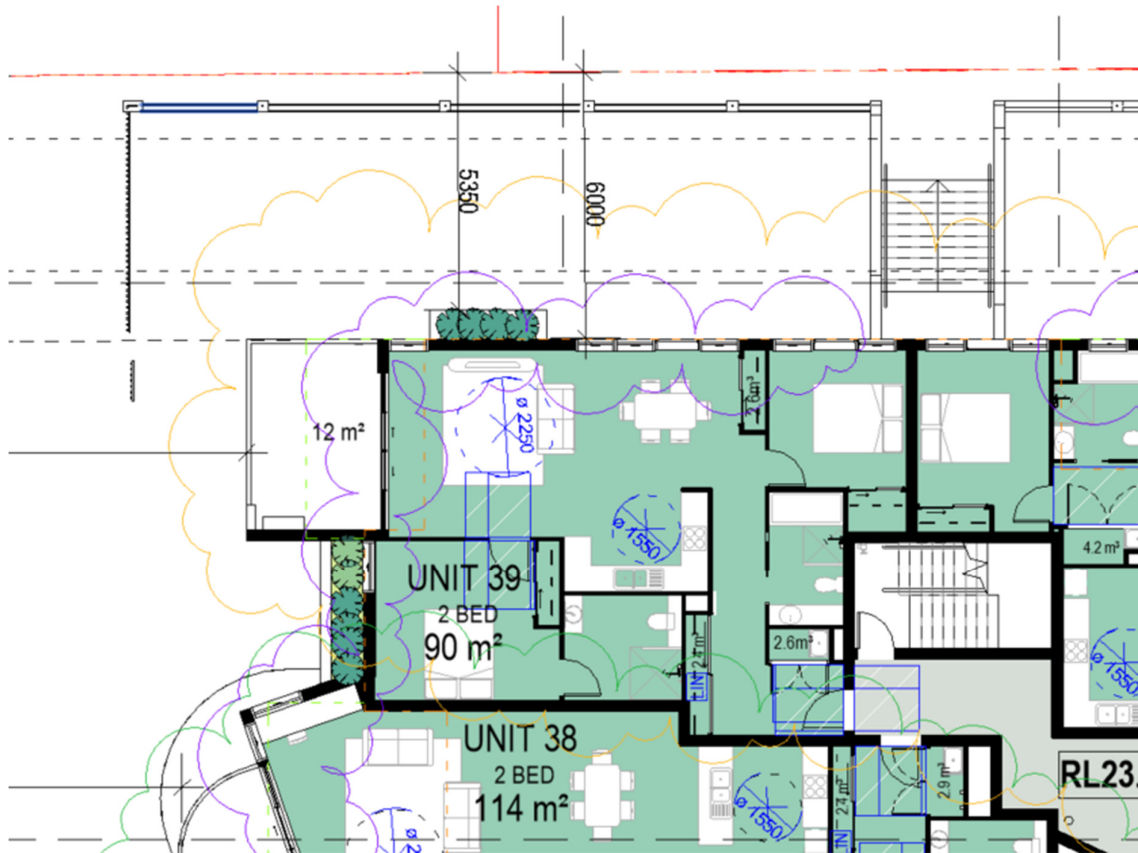

Planter in S4.55 wraps around the corner to soften the building appearance.

Approved DA in red, S4.55 in black.

**Figure 3:**

Other units on the 6m setback. Planter encroaches 6m setback.

**Figure 4:**

Unit 55 with balcony of 13 m².

Figure 5:

Proposed units with 0 hours of sunlight.

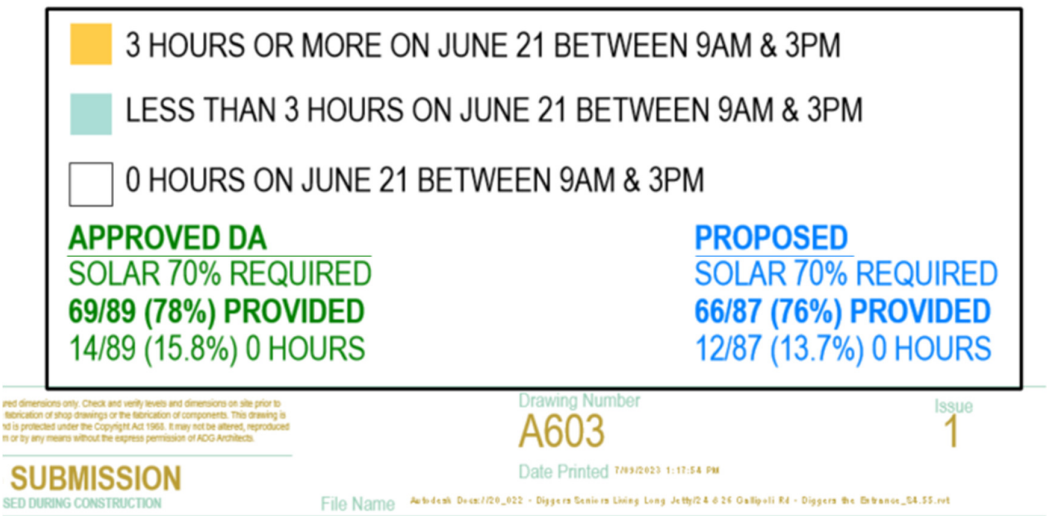

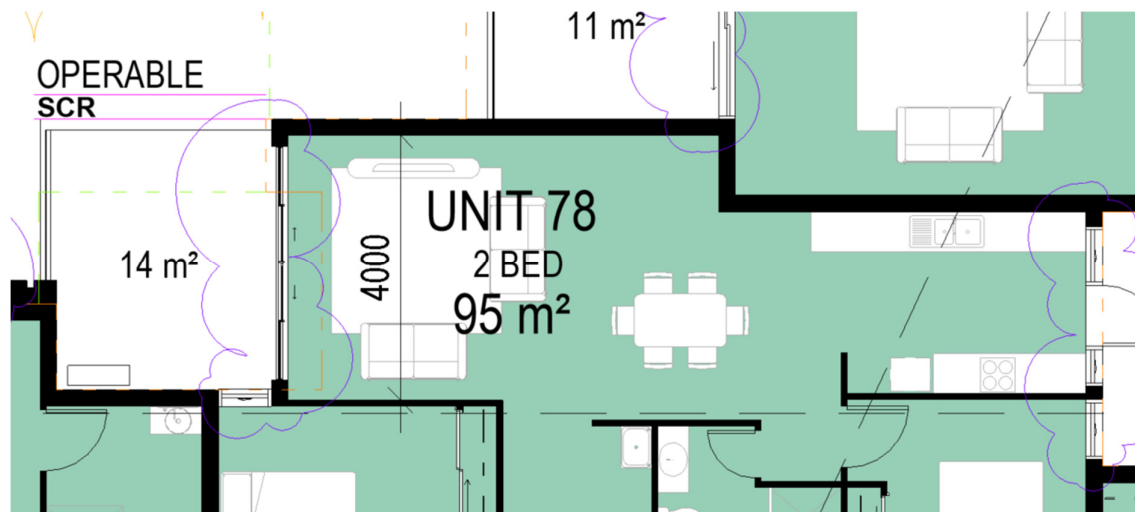

Figure 6 a & b:

Shower located before bath as a wet area beyond. Point of difference in the design.

**Figure 7:**

Living areas are to the min. 4m as required by ADG.

**Figure 8:**

Layout updated to get access to a full height storage, and not just space above desk level.

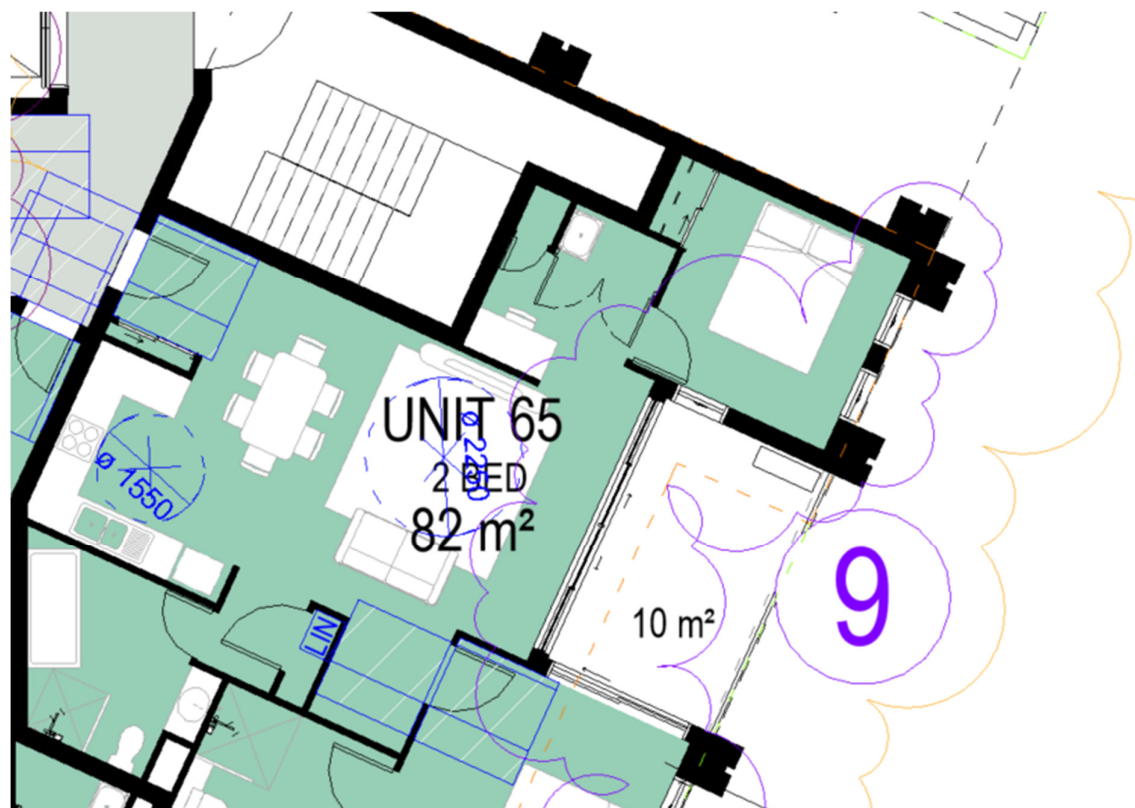

Figure 9:

Layout updated to include robe.
